

## WHAT TO DO? WHAT TO DO? RECOMMENDATIONS

- Get right with God ... there is nothing more important than your own soul
- Take heart and never lose hope. We survived the last encounter with the Destroyer. Father has promised that He will save a remnant even if we all (the faithful and the unfaithful) must suffer the trials<sup>47</sup>. And Y'shua (Jesus) has promised that He would intervene that some would be saved.
- Prepare to retreat to the mountains in the interior. Get out of the cities as soon as you can. The cities will not be safe. Accept a long commute if you must, but get your families out of the cities as soon as you can.
- Fill your pantry, then store food under beds, in closets, etc.
- Store water ... lots of water ... in sealed storage
- Buy a coat and insulated underwear. Buy warm socks and gloves and mittens. Buy a cold weather sleeping bag. You will need them all.
- Buy guns and ammo and learn how to use them.
- Store Seeds and learn to garden. Invest in a greenhouse.
- Buy medical supplies and learn first aid
- Buy a complete set of backpacking gear, and learn how to hike and camp
- Buy a HAM radio and learn how to use it. Start by earning your license.
- Learn skills that will allow you to help your neighbors (C.E.R.T. training is a good start)
- Get involved with your family and community. You can't do everything yourself. You have to have someone to stand guard while you sleep, and you can return the favor standing watch while others sleep. You can't build a house, but 6 men can rapidly build 6 houses.
- If you live near a coastal city, an active missile silo, or a bomber base, move or buy a Geiger counter. Learn how to use it. Learn how to build a fallout shelter. Buy a sufficient quantity of iodine tablets for a month and buy calcium tablets in a large quantity. The same applies if you live downwind of any of those targets.
- If you live in or near a city or along an invasion route, buy a gas mask and learn how to use it. Buy Chem warfare detection kits.
- Be prepared to develop a new calendar. Spring, Summer, Winter, Autumn may change.
- Make sure you have a small lightweight copy of your scriptures you can take with you
- Get right with God ... don't forget the influence you have on your spouse and children
