

Anti-vaccination folks! The reality is that soon our front doors will be kicked in, and we will be held down in our living rooms by thug cops and/or by troops, and they will forcibly inject us with proven slow-death poisons.

PLEASE WATCH THIS REPORT, BECAUSE YOUR LIFE IS ABOUT TO BE DESTROYED ALONG WITH THE LIVES OF MANY MILLIONS. WE CAN STOP THIS DESTRUCTION OF OUR LIVES IF WE UNITE UNDER THE PLAN WHICH FOLLOWS THIS VIDEO REPORT!

A PLAN TO PREVENT DESTRUCTION OF OUR LIVES

This email has many blind-copied anti-vax recipients who will help to build an army of potential anti-vax activists. Together, we can find many conscientious people who will, in turn, find more conscientious people, who will, in turn, find even more conscientious people to unite, in this anonymous movement, to stop thug cops and troops from kicking in our front doors, holding us down, and forcibly vaccinating us and our families.

Please use twitter and facebook to find likeminded folks. Then, their email addresses might be obtained after finding them on twitter, on facebook, and on the Internet, in general.

This is a campaign to build an anti-vax movement that will awaken many unaware but conscientious people before our doors are kicked in and we are force-vaccinated, which is the reality that is now quickly unfolding. John DiNardo

We have a constipation of information on vaccine horrors. To those who shun twitter and facebook: please ask your anti-vax email contacts if they wish to help find more *potential* anti-vax activists on twitter and on facebook, to whom we can release our constipation of information.

Secondly, to those who shun facebook and twitter: would you try to find potential anti-vax activists on the Internet? There are numerous such people of conscience presenting themselves: constitutionalists, libertarians, fair tax activists, religious freedom activists, homeschool parents, anti-C.P.S. parents, health enthusiasts, anti-tyranny activists, anti-GMO activists, etc.

John

Here is a LIST of VACCINE ACTIVISTS whom I have found on TWITTER, thus far . . . Please help me to find the email addresses of these twitter activists.

Concurrently, we can continue to find more potential anti-vax activists on twitter and on facebook.
