

\_\_\_ Nov. 5, 2017 You're right on with your suspicion that all these latest political events are designed to militate toward our diabolical rulers' lust for war with Iran and then to foment nuclear World War 3. Simultaneous with other frightening incidents of this day, the attack on Sen. Rand Paul was a warning [as was the Rep. Scalise shooting] to all patriotic politicians [that's almost an oxymoron] who might try to stop our satanist rulers' thrust toward world nuclear incineration. With these terror attacks, Satan's henchmen, the Illuminati, are signaling, "Don't try to stop us, or else you and your family are dead." Our diabolical rulers' false flag missile attack on Saudi Arabia is intended to terrorize our rulers' partners, the Saudi rulers, into acquiescing to what looks like a coming false flag attack somewhere in the world [probably affecting Saudi Arabia] that will give Satan's world rulers the flimsy excuse to ignite world nuclear conflagration. Concurrent with our ruling elite's missile attack [real or fake] on Saudi Arabia, the elite also invoked a shutdown drill of twitter in preparation for a more enduring forthcoming shutdown of twitter, perhaps an indefinitely enduring shutdown, so that our ruling elite can proceed, unopposed, to execute their global nuclear war plans . . . because now a growing army of truth reporters is exposing our diabolical rulers' many false flag attacks as fake excuses for wars abroad and tyranny at home. But why, you might say, would the diabolical ruling elite incinerate themselves?? The answer: They do not intend to incinerate themselves! You see, they have been plotting and working for decades to construct fortified underground cities at Cheyenne Mountain, Colorado, and at Mount Weather, West Virginia. They plan to descend underground just before lighting the fuse to the Middle East and/or Korean nuclear powder keg. Still, you might ask, why would they want to incinerate the world? It's their world, too! Answer: they have no choice. They are hoping to emerge from their underground cities and consolidate all shattered war-ravaged governments under their own monopolistic global dictatorship. And out of this dictatorship, one man is satanically ordained to rise to supreme power. Hitler was our satanist rulers' test subject for that future position of world dictator! As President [and elitist stooge] Franklin D. Roosevelt once said: "In politics, nothing happens by accident. It is all planned." Including the genocide of the Jewish and Polish people, World War II and Hitler were simply the script and the actor in just one act of the multi-generational world's stage play titled: Our Satanist Rulers' Plot to Subjugate All of Humankind. But, again, why did I say that our global ruling elite have no choice but to ignite global nuclear holocaust?? It might seem

nonsensical for me to say that our rulers have no choice. But yes, indeed, they have NO choice, because there are two superhuman opponents [Satan vs. GOD] who are compelling/permitting our diabolical rulers to incinerate the world in nuclear "fire and fury." Satan compels men to kill each other in "fire and fury," through relentless wars, while GOD permits Satan to temporarily do so, because the children of GOD are irresistibly, yet unconsciously thought-controlled by the evil angelic "adversaries" of GOD -- which is our soulfully leprous legacy from mankind's parents. And that is the reason why GOD our Saviour taught us to pray:

"Deliver Us from the Evil One." Incidentally, you may wish to investigate the surreptitious occult message which Presidential stooge Trump publicized recently. You see, such esoteric, occult, and widely advertised pronouncements are intended to hint to the imperceptive public the type of coming atrocity/sacrifice which our diabolical rulers' will offer unto Satan. Therefore, the highly publicized phrase, "fire and fury" seems to connote a clue as to our secret rulers' horrific forthcoming plot to nuclear-incinerate humankind. Let us finally learn why I say that The Ruling Elite have no choice but to ignite worldwide nuclear holocaust. The reason why they have no choice lies vividly summarized in the following two brief video documentaries:
