

". . . the U.S. Air Force is involved . . . I've had people come forward who actually load the cannisters on the airplanes . . . people don't come forward because they're afraid that they'll end up like Edward Snowden . . . they're willing to die for their country, yet they're scared to talk about this . . . it is unethical for all those people out there in the health field to keep silent about this . . . the biggest obstacle that we have is disinformation web sites . . . web sites run by a government shill named Nick West . . . people like this are paid to discredit you . . . there's something you can do; email me, kristenmeghan@gmail.com . . . "
