J.A. DiNardo,

Please read this email thread and send my links out ASAP after reviewing Mary's story. Mary is the last surviving member of the inner group of medical researchers, INCLUDING DR JEFF BRADSTREET, that were about to go global with GcMAF conclusive evidence. . . . Mary said she DOES NOT NEED MONEY! What she wants from the world is to review her work and to spread word of her story, which impacts every child in the U.S.A. and elsewhere.
