- * Netanyahu has long desired to attack Iran, and it appears that he may be using the "missing plane" issue to launch some kind of sneak attack on the U.S., and blame it on Iran.
- * An aircraft, an identical twin to the missing Flight MH370 plane has been detected, stored in Israel.
- * The astoundingly ominous and unprecedented closing of all Israeli embassies, worldwide, is a major red flag in this suspected Netanyahu plot to launch a false flag attack on the U.S., and to blame it on Iran.
- * Suspected Israeli Mossad asset Joel Rosenberg publicized on FOX-News an obvious Zionist-cooked lie, blaming Iran for hijacking the passenger plane.
- * Obama's highly publicized off-the-wall conspiracy theory, stating that a nuclear bomb may detonate in New York City . . . this also appears to tie in with this suspected Netanyahu plot to perpetrate a nuclear false flag attack on the East Coast, and blame it on Iran. Recall when Sen. Graham was told to warn of a nuclear attack on Charleston if we failed to attack Iran!
