

~~ U.K. News: Approaching Asteroid is Hours Away from Earth ~~

Please . . . we must forward this authenticated report of a possible global catastrophe to others, and emphasize that they must relay it further. If you survive, you can save yourself from death by dehydration, starvation, and disease. But you must act now!

Believe me and many other researchers . . . if this mountainous asteroid misses Earth, there are many others headed our way, because physicist James McCanney has learned that

"a mini-solar system is being sucked into our Solar System" by our Sun's *great* gravitational force field.

Today, fill up many containers with water, and buy canned chicken and canned meats, as well as dried beans, lentils, barley, amaranth, and quinoa.

FOOD AND WATER ARE OUR FOREMOST NEEDS WHEN ELECTRICITY VANISHES, THUS HALTING TRUCK AND SHIP TRANSPORTATION. JD

From the LONDON DAILY EXPRESS newspaper, May 12, 2015:

"APPROACHING ASTEROID IS HOURS AWAY . . ."
