

CIA/FBI May Do Another Martin Luther King Assassination To Incite Black Riots for Martial Law Police State

Herein is historical film footage of the same race hatred, bloodshed, rioting, vandalism, looting, the torching of cities, and the brutal military crackdown which the diabolical ruling elite and their dagger agencies, CIA/FBI/"black ops" have plotted to incite in Ferguson, Missouri, and which they are now plotting to incite in other cities across the country. FBI riot provocateurs are now being paid with the American workers' taxtorted earnings.

In the machinations of our diabolical shadow rulers, the methodology for the resurrection of insurrection, namely, the race riots of the 1960s, is to treacherously enrage Black Americans by perpetrating more of those CIA/FBI atrocities which terrorized and polarized the citizenry -- from the CIA/FBI assassinations of President Kennedy and Senator Kennedy to the assassinations of Martin Luther King and Malcolm X.

From deep within the serpentine psyche of the diabolical ruling elite, there might be hatched a plot to assassinate *yet another* Black leader. Let us contemplate God's presence in the earnest hope that if Satan's (maybe Satanyahu's) sinister murder plot is hatched, it will be foiled. JD
