Today, on TheBlazeTV, Andrew Wilkow interviewed Christian Whiton, one of the propagandists for the CIA/Netanyahu/NeoCon war-mongers. Whiton announced the same scripted CIA/NeoCon line of all other war propagandists who are now flooding the media.

We need to out Glenn Beck as a CIA/Netanyahu/NeoCon shill, because this Mideast war that Beck is helping to foment will get millions of Israelis nuked, along with many millions among the populations of all nations in the Middle East. Moreover, we the people of the United States are in grave risk of being nuked also because of the staunch Russian commitment to defend Iran if the madman Netanyahu gets his war lust satisfied. We must help to stave off this fierce push for war in the Middle East, and we can do that by outing Glenn Beck as a stooge of Netanyahu and the CIA, creators of al CIA-duh.
