

Part 1) God Vows to Scour the Scum from Atop Illuminati World Pyramid

"Conscience is God's Word written on your heart," urging you to guide "those who have ears to hear" to the light shaft of escape from that prophesied "hour of great tribulation that will come upon all the world." Also, conscience is God's urging you to trustingly listen for His "still small voice" that shows you "the Way, the Truth, and the Life," as you guide your spiritually hungry brothers and sisters of "every nation, kindred, and tongue." Tell them to start meditating daily to sense God's presence, so that they can follow, not you, but the true rescuer, our Creator, our Saviour, who can supernaturally save them from the great storms, earthquakes, and volcanic eruptions which those who "watch and pray" see growing to a crescendo through the next several years.

This is no accident, that the Earth is increasingly convulsing. And it is through these coming cataclysms that God intends to scour from the Earth those bloody rulers whom He symbolically calls "scum" in The Book of EZEKIEL, Chapter 24. To understand this assertion, I ask you to examine for yourself evidence that God Himself -- not His prophets -- is the Person who decrees global cataclysm, reserved for a future period called "the end time," "the latter days," "the day of the Lord." The following exhibit of evidence is one of many contained in the book titled "The Holy Bible."

Twenty-six centuries ago, a Judean named Daniel wrote a compilation of thoughts and visions which he claimed were imparted to his mind by God. Some of these prophecies are so astoundingly accurate that honest reasoning must credit these prophecies to God alone. In Daniel's Book of The Bible, Chapter 7, he recounts such supernatural visions as the births of the world's great empires, twenty-two through twenty-six centuries in advance of his day. During one frightful, fitful night's sleep, around the year 580 B.C., Daniel received and recorded the following visions.

The first beastly predatory empire was symbolically shown to Daniel as a Lion [the symbol of the British Empire]. In the 17th century A.D., the fleet British fleet met and defeated the Spanish armada, thus catapulting the British Empire to military supremacy over the nations of Europe.

The next vision in Daniel's dream was that of Eagle's wings growing out of the Lion's back. Daniel recounts that he watched as the Eagle's wings were plucked and {here I insert the word} "thus" the Lion was made to stand upright upon his hind legs "as a man," the way a man stands. Every Bible prophesy analyst of whom I know mistakenly believes that these Eagle's wings are plucked off, whereas, prayerful discernment and knowledge of true history reveals that the wings are plucked up by the Hand of God to elevate both America and its bonded cousin, Great Britain, to dual rulership over the World. Knowledgeable historians realize that the Anglo-American power combine has prevailed continuously since the Revolutionary War. God prophecies based upon true history, not upon the couched lies of our school textbooks. Clearly, the Lion stands upright because the uplifting wings are hoisting up the

Lion's upper body. It should be quite obvious that the Lion would not stand upright as a result of the wings being separated from its back.

Daniel continues with his supernatural vision, stating that the heart of a man was given to the Lion. Herein, God is revealing the deeper truth, regarding sin, which so important to God, and that is that this Anglo-American empire duplicitously and treacherously promotes itself as the altruistic deliverer of Christianity to the weaker nations which it colonizes, whereas the converse truth is that, throughout the rule of the British, and later, the combined Anglo-American empire, its true intent and purpose was to bleed from its prey their natural resources and their slave labor. Furthermore, God must be most outraged by the exploitation of His Son's great sacrifice for the promotion of satanism, an outrage which we will further elucidate in our analysis of EZEKIEL, Chapter 24. You see, the inception and flourishing of the United States empire was founded upon Satan-worship by the diabolical Illuminati, Freemasons, and later by Freemasonry's spin-off, the Skull and Bones secret satanic society, headquartered in "the Tomb" at Yale University. Yet, Satan's representative, President George Herbert Walker Bush, has slyly stated that he has been "born again," a term co-opted from Saint John's Gospel by Skull and Bones initiates who claim they are born again, from a coffin sleeping ceremony, into the Devil's possession.
