

~~ How the C.I.A. Created the Ft. Hood Shooters ~~

"The participation of psychiatrists and medical schools in mind control research was not a matter of a few scattered doctors pursuing questionable lines of investigation. Rather, the mind control experimentation was systematic, organized, and involved many leading psychiatrists and medical schools. The mind control experiments were interwoven with radiation experiments, and research on chemical and biological weapons. They were funded by the C.I.A, Army, Navy, Air Force, and by other agencies including the Public Health Service and the Scottish Rite" --- Colin A. Ross, M.D.

{JD: The Scottish Rite of Freemasonry is a satanic secret society comprised of very powerful men.}

In a 1971 Science Digest article, Dr. G.H. Estabrooks states:
"By the 1920's clinical hypnotists learned to split certain individuals into multiple personalities like Jeckyl-Hydes. During World War II, I worked this technique with a Marine lieutenant whom I'll call Jones. I split his personality into Jones A and Jones B. Jones A, once a 'normal' working Marine, became entirely different. He talked communist doctrine and meant it. He was welcomed enthusiastically by communist cells, and was deliberately given a dishonorable discharge. Jones B was the deeper personality, knew all the thoughts of Jones A, and was * 'imprinted' * to say nothing during conscious phases."
