

Overview I) Jews/Gentiles Unite: Nuke War Brewing

After many decades of planning by the World's organized ruling elite, the fuse to their cleverly crafted nuclear world war now appears to be lit. Studying this series of reports will, hopefully, motivate you to join with many other concerned researchers to alert the smaller, more independent broadcast and print media to the peril of humanity's possible nuclear incineration and the radioactive blanketing of Earth's atmosphere. If the flash doesn't get you quickly, the radioactivity will kill you slowly -- all of us, Caucasian, Asian, African, Christian, Atheist, Muslim, Judaist -- all life forms, everywhere.

Now, are you ready to unite?!

Several years ago, I had numerous telephone conversations with an independent investigative journalist who always went for the vital stories. Perhaps the most appalling of these was her conversations with Dr. Susan Arrigo, whom she said is renegade C.I.A. -- a medical doctor who was releasing information, and being sought for silencing. Janet Phelan told me that Dr. Susan Arrigo told her that the global power elite want to trigger a nuclear war, before which they will go down into their several elaborate underground cities, while most of humanity is incinerated, after which these secretive elite intend to emerge and neutralize the radioactivity over at least a region of Earth [I personally believe that decontaminated region will be in and around Israel]. Janet said that Arrigo had stated that they definitely do have the technology to neutralize radioactive matter. In fact, I was told this about radioactive decontamination by a man who gave me the phone number and address of the son of a late highly skilled chemist who had developed such a radioactivity neutralization process, and that when this process was presented to some people in power Al Gore stole it, and I don't know whether this chemist died of natural causes, or what.

John DiNardo

Independent investigative journalist Janet Phelan, speaking about C.I.A.'s race-specific bioweapons. I have audio tapes of interviews by a veteran researcher of the national intelligence apparatus, Dave Emory, wherein, in the 1990s, he interviews a high-level C.I.A. scientist/genius named Michael Riconosciuto, who was a major operative in Vice-Presidential candidate George H.W. Bush's treasonous "October Surprise" operation, which stole reelection from Pres.

Carter and gave the presidency to Ronald Reagan, on whom Bush later tried to climb into the driver's seat over Pres. Reagan's corpse, but the assassin's bullet slightly missed vital organs. Well, Michael Riconosciuto (later framed and jailed by C.I.A.) stated, on those tapes, that the C.I.A. was developing race-specific bioweapons -- and this was about twenty years ago. This brief video interview helps you to decide whether or not Janet Phelan's report from Dr. Susan Arrigo is accurate, because if it is, this small cabal of Illuminati one-world tyrants is planning to light the fuse of nuclear incineration, while they descend into their underground cities, to emerge later, and set up their one-world dictatorship in Jerusalem, as I suspect. Why Jerusalem? Because this will be, not merely a political dictatorship -- it will be a spiritual dictatorship! And Jerusalem has, for over a century, been planned as the new capital city of the one-world political/spiritual dictatorship. Jerusalem, the World's crossroads of civilizations, the World's crossroads of political ideologies, and the World's crossroads of spiritual ideologies -- the three-way doorway to Europe, Asia and Africa, and hence, the natural location of the one-world dictatorship, under the one-world dictator, who, himself, is under the rulership of his goD, Satan, the Devil. That is not my opinion; that is the ruling elite's devout spiritual belief!
