Michael Rivero of WhatReallyHappened.com receives a report that the three Jewish teenagers died in a car accident, and that their bodies were then transported to the place where the Israeli authorities claim they were executed by Hamas. The Israeli Government released a cell phone recording with someone yelling that they had been kidnapped, and then the sounds of multiple gun shots were heard on the recording. The cries of alarm have never been verified as the voices of the teens, yet Netanyahu gets away with declaring to the world that Hamas kidnapped and murdered the Jewish boys.

Thusly, Netanyahu kindles the flames of hatred and vengeance against Hamas -- a demonic rage quite like the rage kindled by Adolph Hitler. Now, Netanyahu has his wild Israeli mobs seething to endorse his preconceived plot, that of the merciless annihilation of the largely innocent civilian population of Gaza, just like his 2008 annihilation, and like other such annihilations, all of which clearly spell "genocide" by all accepted legal and moral definitions.

In addition to the cell phone recording of questionable content, we should be highly suspicious about the capability and culpability of Hamas succeeding in kidnapping and murdering the three Jewish boys in what was an Israeli controlled area. Think about it! Palestinians are living in a tightly controlled cage, so it would be virtually impossible for them, carrying guns, to sneak into Israel through impenetrable Israeli checkpoints.

Furthermore, there is an old axiom: Cui Bono? Who Benefits? Hamas would be harming themselves by foolishly committing this crime at a time when Hamas was succeeding as a partner in the unity government. Ah, but Netanyahu would benefit lavishly by murdering these Jewish boys, because the Palestinian unity government was about to receive International Monetary Funding and recognition. Israeli political analysts realize that Netanyahu cannot tolerate Israeli/Palestinian peace and the "two-state solution." So, obviously, Netanyahu had to smash the Palestinians' peace plan by bombing Gaza to powder.

Now, Netanyahu's dream comes true. He gets to annihilate the tough Palestinian resistance, plus he gets to shatter the peace plan, and to desirably perpetuate the conflict in Israel's 66 year old duplicitous game of pretended coexistence, which flies in the face of the systematic demolitions of families' homes, the theft of families' land, and the slow-motion genocide of an entire nation of people, whom we now discover, through Jewish scholars, are truly descended from the Tribe of Judah, Yehudah! Yes, Netanyahu is bombing Jews in Gaza!

As you read and view these video documentaries further down these pages, you will see that the murder of these three Jewish boys is a provocation which Netanyahu would concoct, and it runs motivationally parallel to Netanyahu's concoction of the airplane attacks upon, and the Israeli Mossad's preset demolitions of, the Twin Towers in New York City on September 11, 2001.

I hereby level this charge of mass murder against Netanyahu, based

upon solid evidence presented by Jonathan Elinoff in his excellent video documentary, "Core Of Corruption," which is presented near the end of this set of investigative reports, all of which are compiled herein.

This report leads one to suspect that Netanyahu is now, for the first time, forced to do damage control; he is chameleonizing or reshaping his initial accusation that Hamas murdered the three Jewish teenagers. This Netanyahu fallback to a safer lying stance may be because I and others have been getting close to the truth: that either Netanyahu had the three Jewish boys murdered or that he faked their murders. Remember, those *alleged* murders of Jewish boys came at just the opportune moment when Netanyahu was setting up military plans to bomb Gaza. How fortunate for Netanyahu that these murders of Jews came at a moment when Netanyahu needed to deceitfully incite outrage and hatred against Palestinians in order to justify his desired bombing blitzkrieg over Gaza, and then launch a ground assault of IDF Zionist fiends who enjoy shooting pregnant mothers in their stomachs. These Zionazi fiends call their sport Two-Kills-for-One-Shot". John DiNardo

First you must study the genuine emotional reactions of mothers to the loss of their children. Then observe the utterly bogus emotional reaction of a crisis actor pretending that her son had just been murdered. Factor this fakery in with the several other exhibits of Netanyahu's fraudulence (presented herein), and one begins to realize that we citizens of humanity must force Netanyahu to provide the bodies of the three Jewish victims, in order to ascertain their identities, and to ascertain the cause of their deaths. If he refuses to surrender the bodies -- which he will -- then we, the citizens of humanity must bring Netanyahu before an international tribunal and try him for war crimes, and for concocting false provocations against the State of Israel leading to the horrific murders of many

hundreds of innocent men, women, and children, most of them Palestinian, and some of them Israeli. JD

Hamas leader denies Netanyahu's accusation that Hamas kidnapped three Jewish teenagers. He goes on to say that Netanyahu, as usual, makes false charges, false arrests without formal charges, and metes out punishment with no attempt to present any evidence against the accused. Notice the reasons given for this probable Netanyahu false flag attack to blame Palestinians: the Israeli people and Netanyahu's opponents were condemning Netanyahu for deliberately trashing the peace plan, and the resulting public animosity against him was about to get him ousted in the next election. I agree with the news analyst that this kidnapping of Jews may be yet another Netanyahu false flag attack designed to deceitfully blame Arabs. Why am I biased against Netanyahu? Because he has given every honest investigative reporter reason to suspect him of treachery ever since he had been one of the major conspirators in the airplane attacks on the World Trade Center on September 11, 2001, in which Netanyahu and his co-conspirators incinerated 3,000 Americans. Here is video evidence showing that Netanyahu ordered his Israeli Mossad secret agents to participate in the airplane attacks on the World Trade Center in New York City. In that attack of September 11, 2001, Netanyahu cremated 3,000 people. Netanyahu has a record of perpetrating terrorist massacres and blaming his massacres on Arabs in order to create false justifications for ordering his U.S. Government stooges to bomb and invade more Arabs, in Iraq, in Afghanistan, and in Palestine. Righteous indignation must compel us to expose Netanyahu's horrific crimes against humanity! So, please distribute this pdf file of evidence on twitter, facebook, by email, blogs, etc.

Finally, we must promote the political candidacy of Good Jews for leadership positions within the Israeli Knesset, and indeed, for the office of Prime Minister. Miko Peled is one such Good Jew who has strong support among the growing populace of Good Israelis. John DiNardo
