

The diabolical ruling elite's plot to ignite that Third World War, promised in 1871 by Freemasonry's Albert Pike, appears to be imminent. Here is a major clue! The president, vice-president, secretary of state, the House minority leader, and 50 Congress members were absent from Netanyahu's *war-pleading* speech before Congress. That just does not happen under normal protocol ! Notice that Obama did not even accept Netanyahu's request to visit Washington. Yet, Netanyahu visited anyway -- and that just does not happen under normal protocol. Also, note the stark incongruence between the sycophantic standing ovations that Congress lavished on Netanyahu and the rude snubbing of him - in absentia - by the president, vice-president, secretary of state, the House minority leader, and fifty members of Congress. It is clear to me that these unprecedented snubs were political moves intended to extricate and exonerate these *leading* figures from the great public outrage that will come down upon all of our leaders for this earth-incinerating nuclear holocaust that is now being signaled by Netanyahu's treacherous political escapade in Washington yesterday.

I have posted numerous reports as to why they want a nuclear war. Yesterday, it was nauseating to hear Alex Jones evading the real and dire threat of Netanyahu's global nuclear war lust, as Alex concealed that threat under a red herring diatribe about how we should not be anti-semitic -- knowing full well that intelligent and concerned listeners are *not* anti-semitic, but are anti-nuclear war! However, like our Zionist neo-con rulers' media stooge, Glenn Beck, Alex Jones has been following the same directive to ignore the Zionist threat, which is not at all a Jewish threat, since Jews in Israel will be incinerated along with those of us in New York, Houston, and Los Angeles.

To prevent being incinerated by nuclear war, we must heighten our attention to the culminating nuclear war plot of the diabolical global ruling elite. Instead of being misled by Alex Jones, I listen to
