

Part 8) Planet X Incoming: N.A.S.A. & The Bible Agree

Marshall Masters gives us a beginners' course on the incoming brown dwarf star named:

PLANET X . . . NIBIRU . . . The Death Star . . . Gabriel's Fist . . .
The Destroyer . . . The Winged Globe . . . Marduk

Having appeared as George Noory's guest on CoastToCoastAm on numerous occasions, and on The Power Hour with Joyce Riley, Marshall Masters is a former CNN Science Features news producer, freelance writer, television analyst and the publisher of YOWUSA.COM.

Part 7) Planet X Incoming: N.A.S.A. & The Bible Agree

Dr. ALEXY N. DMITRIEV:

Professor of Geology and Mineralogy, and Chief Scientific Member,

United Institute of Geology, Geophysics, and Mineralogy,

Siberian Department of Russian Academy of Sciences.

Expert on Global Ecology, and Fast-Processing Earth Events.

Employment History:

Member, Siberian Department, Russian Academy of Sciences at Novosibirsk

Professor of Geology and Mineralogy and Chief Scientific Member,

United Institute of Geology, Geophysics and Mineralogy, Department

Russian Academy of Sciences

"Dr. Alexey Dmitriev, of the Siberian department of the Russian Academy of Sciences at Novosibirsk, has research that seems to confirm the existence of what has been referred to as "the Photon Belt.

Dr. Dmitriev, along with other scientists, is measuring a remarkably huge increase in plasma and photon activity in our Solar System."

Dr. Alexey N. Dmitriev:

"PLANETOPHYSICAL STATE OF THE EARTH AND LIFE":

[JD: Dr. Dmitriev is saying that great clouds of highly charged particles have "broken into" our Solar System. This means that this electrically charged material was pulled in from deep space. This can probably only happen if a massive celestial body, such as a dwarf star, was also pulled in by our Sun's great gravitational force field. This dwarf star would naturally be dragging all sizes of objects

in with it within its great gravitational grip. These clouds of "highly charged particles would be among the smallest that would be dragged in by this incoming dwarf star which N.A.S.A. refers to as "Planet X".]

Part 6) Planet X Incoming: N.A.S.A. and The Bible Agree

Bible prophecy converges with N.A.S.A.'s "Search for Planet X," conducted primarily by Dr. Thomas Van Flandern and the chief astronomer of the Washington D.C. U.S. Naval Observatory, Dr. Robert S. Harrington.

Pastor David J. Smith (NewsWatchMagazine.org) interprets Bible prophecy, alluding to the Earth cataclysms which God told His prophets would occur in what the Bible terms "the end time" or "the last days." Many Bible scholars consider this prophesied time of Earth cataclysms to be our present and near future. I added the music. JD

The WASHINGTON POST:

The U.S. Government's National Aeronautics and Space Administration (N.A.S.A.) excitedly announces the discovery of Planet X, which they then deceitfully call "a mystery body," after previously calling this object "the long sought Planet X" eleven months earlier in a landmark NEW YORK TIMES report heralding the launch of N.A.S.A.'s Infrared Astronomical Satellite. N.A.S.A.'s I.R.A.S., they stated, was built and launched with the specific mission of sighting that infrared light-emitting brown dwarf star which Dr. Harrington and others called "Planet X." Astronomers estimate brown dwarf stars to be as massive as one thousand Earth-masses, as a minimum estimation. JD

The NEW YORK TIMES: "Clues Get Warm in the Search for Planet X":
N.A.S.A. and other leading astronomers and astrophysicists proudly herald the launch of their Infrared Astronomical Satellite, and they declare that the purpose of this mission is to sight what they term, "the long sought Planet X."
