

This report is issued by a growing group of researchers who have sound evidence showing that a dwarf star has been gravitationally captured by our Sun's great gravitational force field, and it is being gravitationally pulled into our Solar System since the past several decades, and that this incoming body of at least one thousand Earth-masses is, in the words of Prof. McCanney, "like a vacuum cleaner as it is pulled into our Solar System from deep space." Earth's extraordinary weather disasters and geological cataclysms are being provoked, electromagnetically and electrically, by this incoming celestial beehive and its surrounding swarm of cometary and asteroidal bees, captured from the outlying Oort Cloud, the Kuiper Belt. and the inlying Asteroid Belt.

Reporters! Consider studying this evidence and alerting others. Your home states of Texas, California, Missouri, New Hampshire, Florida, etc. have all been devastated by various types of storms, which are guaranteed to worsen, and therefore, many millions will die in the near future. Some of those casualties may be you and me, and our families.      John DiNardo

The October 1981 issue of the German magazine Stimme des Glaubens reported on a discussion that Pope John Paul II had with a select group of German Catholics in November of 1980. The Pope was asked why had not the mysterious and awaited "Third Secret of Fatima" been revealed to the World in 1960, as promised by the Catholic Church since the secret was given to three little girls in Fatima, Portugal in 1917.

The following is a verbatim report of the Pope's reply:

Pope John Paul II:

"it should be sufficient for all Christians to know this:  
if there is a message in which it is written that the oceans will flood whole areas of the earth, and that from one moment to the next millions of people will perish, truly the publication of such a message is no longer something to be so much desired."

JD: So, they continued to withhold this secret from mankind. I was told by a scholarly member of the Catholic clergy that the reason why Pope Pius XII died in 1958 is because he was prepared to reveal the Third Secret of Fatima in 1960, as the Church had, for decades, promised to the Catholics of the World.

In the years approaching 1960, there was a great burgeoning spirit of Fatima fervor among the hundreds of millions of Catholics around the World, in anticipation of the promised revelation of the mysterious supernaturally delivered Third Secret of Fatima. This clergyman told me that the Pope Pius XII prematurely unsealed and read the Third Secret in the private presence of Cardinal Strych, Cardinal Ottaviani, and the Pope's secretary, the American priest, Fr. Richard Hewes, who later revealed this story to certain

clergy members and influential Catholics. As told to me, Pope Pius "wept bitterly for two weeks thereafter."

Pope Pius XII died of natural or unnatural causes in 1958, as did Cardinal Stritch -- and so, the Third Secret of Fatima remained a secret until 1980 when Pope John Paul II spilled the real Third Secret, in contradiction to the bogus Third Secret which was published in the year 2000. I was also told by this same source that Sister Lucia, the only surviving child who had supernaturally received the Three Secrets, had been an imposter for years. I was told that the first imposter of Sister Lucia rebelled, and so they had to find another imposter, who rode out her tour of duty at the Carmelite nunnery until her death. There are numerous childhood and adult photographs on the Internet proving that the child of Fatima, Lucia, was not the same person who publicly represented her. This strongly suggests that the real Sister Lucia was murdered -- all because of the secret: "the oceans will flood whole areas of the earth, and that from one moment to the next, millions of people will perish.

Pope John Paul II made this revealing statement regarding the Third Secret given to four peasant children in Portugal nearly a century ago. Does its date make this report old stale news? Not if this century old prophesy -- which these innocent children claim was delivered to them by an angel of God -- now appears to be manifesting all across the land masses, oceans, and atmosphere of Planet Earth. Moreover, how could three innocent peasant girls in Garabandal, Spain, in 1964, who claimed that "the angel" in the sky told them of a coming global event (an event whose feasibility is supported by established science). . . how could they, in their childish ignorance, know that, at some time in the future,

"All Electric Motors on Planet Earth Will Stop Running." ?

Electrical engineers and physicists know that if a colossally vast and powerful magnetic field were to invisibly enshroud the whole Earth, then indeed, all electric motors would stop running, including those electric motors which might be Faraday-shielded. These innocent ignorant peasant girls of Garabandal could not have known such an esoteric scientific fact; therefore, it is reasonable to believe that an angel of God actually did deliver to them God's warning to mankind, just as the children of Fatima, Portugal received a warning to the human race by God's angel.

When a dwarf star passes as close as several million miles from Planet Earth, toward its rendezvous with our Sun, it's intense intrinsic magnetic field

-- plus the electromagnetic field generated by its enveloping cloud of plasma (electrified gases) surfing upon the dwarf star as it soars sunward --

will enshroud Planet Earth with this dual-strength magnetic field -- and that is the truth of God's angel that was revealed to these three innocent ignorant girls at Garabandal, Spain in 1964. ~ ~ ~ ~ The following passage is the documented verbatim words of Pope John Paul II:

"it should be sufficient for all Christians to know this: if there is a message in which it is written that the oceans will flood whole areas of the earth, and that from one moment to the next millions of people will perish, truly the publication of such a message is no longer something to be so much desired."

[JD: So, let us continue to keep this secret from mankind.

I was told by an erudite person in the Catholic Church that the reason why Pope Pius XII died in the late 1950s is because he was prepared to reveal the Third Secret of Fatima in 1960, as the Church had, for decades, promised to the Catholics of the World. There was a great and swelling prophetic fervor of expectation exploding among the World's Catholics in the late 1950s. I was told that the Pope prematurely read the Third Secret in the presence of his secretary, the American priest Richard Hewes, and that Pope Pius XII
