

Through television (e.g. Jennifer Lopez's TV spectacle titled "Fashion Rock"), radio, movies, etc, . . . Satan's fallen angels beguile and capture the hearts and minds of the unknowing masses of souls, worldwide.

I combat this demonic invasion upon humankind by contemplating the invisible, but actual, presence of God's Spirit, the Spirit who keeps our hearts beating every second of every day of our lives. During these daily momentary contemplations of God's presence, I simply trust (as passive prayer) that GOD's Spirit will displace, in us, the demon spirits who invade and intermittently occupy our \*aware\* minds, and who also invade, occupy, and satanize the minds of \*unaware\* billions, worldwide.

~~ Jennifer Lopez's Hypnotic Song and Dance in Worship to Satan ~~

Notice the glaring display, in contrast, of the colors black, white, red, and blue: contrasting colors of worship to Satan. At the very beginning, the shot of the woman in the audience with a black and white checkerboard dress . . . that is no random display. She was purposely televised there. Soon, I will send you a film of the spacious black and white checkerboard floored meeting hall and dignitaries gallery of the world's ruling class of Satan-worshippers. The point is that whenever you see that black and white checkerboard pattern anywhere in the mass media, you know that it is an eyes-wide-shut implantation into your subconscious mind, done to endear you to Satan's presence. Likewise, with the hands-joined V-shaped hand sign that is incessantly flashed in your face on television (hell-avision).

This invisible supernatural being, Satan, lures us into worshipping him by exploiting our sex drive, which God gave to us so that we would procreate, and greatly populate the whole world. That is the the main reason why we have this irresistible sex drive. Satan knows this, and he knows that he can lure people into unwittingly worshipping him by linking and blending his \*perverted\* soul with our sex drive! Now you know why we are all tempted by perverted sex! . . . so that Satan can pull us away from God and merge us with his depraved spirit, so that when we die we forfeit God's promise of eternal life, in a new and ageless body. These satanic temptations are like . . . Hey, little girl/boy, come with me. I have some candy for you.

So, wish unto God, and He will guide you to combat this satanic worship spell which is infesting and infecting us and people, worldwide. JD

Satan's music has a satanic frequency that beguiles unwitting human victims. That frequency is 528 Hertz (a tone of a pitch that oscillates at a frequency of 528 cycles per second) ? It's like the enchanting, enticing, titillating, and irresistible wail of the siren in Homer's epic, THE ODYSSEY:

"In Greek mythology, the Sirens were dangerous yet beautiful creatures, portrayed as femmes fatales who lured nearby sailors with their enchanting music and voices to shipwreck on the rocky coast of their island."

Well, this is how Satan and his multitudes of likewise invisible supernatural beings are now luring billions into eternal \*death-after-life\*.
