

"Every Act of Creation is First an Act of Destruction"

~~ Today's Materializing Spirit of Satan ~~

September 2015 *New York City* Nuclear Bombing is Symbolically Foretold on TV's SyFy Channel. The story is presented by Lisa Haven, and features C. Ervana's analysis of an aborted SyFy Channel drama. Paul Joseph Watson reports on, and analyzes the huge illuminated pictures of Satan atop *New York City's* Empire State Building. Paul reminds us that the evil spirits, Satan and Kali, both demand masses of human flesh and blood to be sacrificed to them in exchange for their Illuminati ["illuminated," as in illuminated Empire State Building] worshippers' success in perpetrating some horrific terror attack. Let us now ponder the bombing slaughter at New York City's tallest buildings, the Twin Towers, which is believed by some researchers to have been a mass blood sacrifice to Satan, prior to the invasions of Afghanistan and Iraq. In September 2015, they might, once again, be plotting to destroy the tallest building in New York City, and once again, as a sacrifice to their god, Satan, . . . again in exchange for success in perpetrating a bloodbath of even greater enormity (e.g. blaming Russia or Syria for the false flag attack, so as to justify launching thermonuclear war, as they descend into their underground shelters in the bowels of Cheyenne Mountain, Colorado, and in Mount Weather, West Virginia). ~~ The WASHINGTON POST:

The U.S. Government's National Aeronautics and Space Administration (N.A.S.A.) excitedly announces the discovery of Planet X, which they then deceitfully call "a mystery body," after previously calling this object "the long sought Planet X" eleven months earlier in a landmark NEW YORK TIMES report heralding the launch of N.A.S.A.'s Infrared Astronomical Satellite. N.A.S.A.'s I.R.A.S., they stated, was built and launched with the specific mission of sighting that infrared light-emitting brown dwarf star which Dr. Harrington and others called "Planet X." Astronomers estimate brown dwarf stars to be as massive as one thousand Earth-masses, as a minimum estimation. JD

~~ Planet X Incoming: N.A.S.A. and The Bible Agree

Bible prophecy converges with N.A.S.A.'s "Search for Planet X," conducted primarily by Dr. Thomas Van Flandern and the chief astronomer of the Washington D.C. U.S. Naval Observatory, Dr. Robert S. Harrington.

Pastor David J. Smith (NewsWatchMagazine.org) interprets Bible prophecy, alluding to the Earth cataclysms which God told His prophets would occur in what the Bible terms "the end time" or "the last days." Many Bible scholars consider this prophesied time of Earth cataclysms to be our present and near future. I added the music. JD
