Okay, Carl. I'll search for more evidence to either prove or disprove this charge against Trump. But Carl, you cannot just sit back and say, Oh, that may not be true, just because you favor Trump. You must help me to seek out the truth. I have been urging you for years to help me seek out and disseminate the truth that will set us free. Remember, your Bible, my Bible, tells us that we must expose the works of Satan, who is a real being, whose earthly worshippers are running this entire system of evil which is now decimating all of mankind! Will you help me to find the truth about Trump?? Also, I'll bet that you have never viewed the entire 48-minute documentary which indicates that President Trump will obey Netanyahu's orders to attack Iran. Your son may very well be killed in his U.S. military duties as a result of Pres. Trump's/Netanyahu's desired nuclear war against Iran/Russia. So help me out. Okay? Moreover . . .

- \* You ignore the fact that billionaire Trump's partying pal Jeffrey Epstein was CONVICTED on child sex charges involving the very same billionaire parties which Trump \*often\* attended. Can any of you Trump fans out there dispute my point? No takers? Oh, incidentally, Trump fans, you paid the honest/sincere billionaire's taxes for the past forty years, and yet, you believe that he cares about lowering your taxes and about restoring your God-curtailed freedom? You cannot refute that one, Trump fans. Can you?
- \* Oh, another point, Trump fans out there: British royalty, British moguls, British entertainment procurers, are soundly documented to have frequently engaged in child sex. Billionaires, likewise. But your favor for Trump's lie to restore your God-curtailed freedom entices you to overlook these charges which indicate that Trump \*did\* engage in child sex. All you can reply in defending your idol Trump is, "Maybe those charges are not true." It is a commonly known \*fact\* that the rich and famous do engage in child sex! Yet, you Trump fans are so deluded by Trump's lie that he will restore your God-curtailed freedom that your cognitive dissidence turns your eyes away from the bright light shining into the ruling elite's deep dark cesspool of perverted sex, child sex, snuff sex, etc. You freedom losers don't get it: Trump is one among that gang of filthy rich sinister ruling elite (DUHHH)! Your God's Bible warns you all who condone such evil that He, God, has a

severe penalty waiting for you -- all you who vote for either the serial killer Hitlery Clinton or for the corrupt billionaire, Trump. Follow me. I am casting my write-in vote for God, the Saviour of Mankind, The Lord Jesus Christ!
