

All alert political observers know that Netanyahu has been pushing the United States to attack Iran for the past decade.

As TeXe Marrs reported, "Obama double-crossed Netanyahu" by refusing to attack Iran, and so, as TeXe reported, Netanyahu was furious when Obama was reelected.

However, Netanyahu has a new stooge on the block: Trump. The following documentary video proves that President Trump will obey Netanyahu's orders to attack Iran, thus forcing Russia to retaliate in what would likely develop into a nuclear war.

Of course, the pretense for a Pres.Trump/Netanyahu attack on Iran would be yet another Netanyahu-ordered 911 false flag attack on America. Thank you, Alex Jones. JD

Don't blame the Jewish people for the atrocities that you will see here. Blame Netanyahu and the Zionazi "crazies," (as Gen. Colin Powell called them).
