

I make automatic monthly PayPal donations to WeAreChange, because Luke Rudkowski and his people are courageously confronting these diabolical ruling elite. Luke Rudkowski has confronted Pres. Clinton and other such global ruling elite. You can help to alert the people by contacting Luke@WeAreChange.org with a mere \$5 a month, support via PayPal that WeAreChange needs to enlist more members and to carry on their fight for YOUR children's imperiled freedom! You need to awaken others to the coming plan to have President Trump agree to attack Iran and thus trigger nuclear war with Russia, while these diabolical global ruling elite go underground for nuclear safety, to later emerge and establish their One-World dictatorship.

Alex Jones is the major patriot supporter of this trojan horse, Trump, who is infiltrating and infecting the hearts of the American people. Intelligent, yet shallow-thinking respondents often tell me that Hillary and Cruz will also obey Netanyahu's order to attack Iran. And I always reply, "Yes, but with Pres. Cruz or Pres. Hitler, the American patriot community will rebel against this war to nuke the planet, whereas President Trump's dumbed-down patriots will acquiesce to Netanyahu's next Bigger-Than-911 false flag Attack-On-America.

Here's what The Power Hour radio show said about Trump:

"Oh, I like what Trump is Saying!"

Here's what Trump-supporter Alex Jones says about Trump:

"Trump is the Real Deal."

Here's what even the perceptive and wise TEXE MARRS says about Trump:

"The Establishment is in a panic. If Donald Trump is elected President of the United States, all of their traitorous plans will be smashed. How dare this flamboyant showman threaten to destroy or damage their Plan. What has Trump pledged to place a stranglehold on? Is clamping down on illegal immigration on Trump's agenda? Will Trump fix the trade deficit? Will the war on the middle class be ended and will American jobs be restored? Will the incompetency within the Veterans Affairs agency be rectified? The answers to these questions and much more valuable information is available in the April edition of Power of Prophecy Newsletter.

HOWEVER, Luke Rudkowski reveals the truth which trumps all that murky misinformation from those three respected patriot broadcasters.
