

~~ Gov't Creates Zombie Apocalypse by Rabies Aerial Spraying ~~

Recall that, over the past several years, the powers behind the mass media sporadically, yet methodically, floated sensational stories about what they repeatedly termed a "Zombie Apocalypse." Here you can see unfolding the plans of the social engineers and the media attitude shapers, with their gradual mass inculcation of the concept of, and even the terminology of, their planned "Zombie Apocalypse." Notice that, from time to time, they have popularized and publicized mass marches of people made up to look and act like zombies. They float these high visibility zombie mob stories with a tongue-in-cheek aura of humor. Recall that Glenn Beck floated one such story in TheBlaze.com about FEMA doing a zombie apocalypse drill. Imagine, a drill! Why? . . . because it is designed to get people to think about the idea of shooting throngs of menacing zombies marching toward them.

When these seemingly bizarre reports are examined altogether, we realize that the diabolical ruling elite are deliberately working to create ghouls among the population so that police, military, and the undiseased citizenry will accept the idea that Americans must shoot fellow Americans because they have become terrifying threatening ghouls. This is one facet of their plan to divide and conquer the outraged American citizenry who will justifiably turn against our diabolical ruling elite. It is our ruling elite's plan to trick the people into killing each other, while they themselves escape reprisal and instead, rise to become overt dictators by their creation of what they are systematically conditioning us to believe is a coming "zombie apocalypse."

Please watch this Alex Jones video clip, which I widely posted five years ago. They had not fully unleashed the pandemic at that time, so naturally, the issue evaporated from public interest. I'm now reposting on YouTube my multi-part series by Alex Jones on Baxter and Bayer Pharmaceuticals' March 2009 deliberate attempt to infect the population with deadly bird flu, which they had bioengineered and were then beta testing to transform it from non-transmissible by air to highly transmissible by air. Evidently, our diabolical ruling elite are now iterating their 2009 plague-triggering plot, as indicated by their growing wave of orchestrated media reports of deadly viruses spreading in foreign countries, and now in the United States.

Our diabolical ruling elite have vowed to unleash plague upon the world, as they have so inscribed in stone at the "Georgia Guidestones," and as the Son of God had supernaturally prophesied in the Book of REVELATION, nearly twenty centuries ago.

Several years ago, they did a beta test of several of their rabies-infected/drugged/hypnotized cannibalized subjects, setting one of them out on the streets of a homeless section of Miami. Their zombie cannibal was caught, and it was calculatedly widely reported that he was eating the flesh of his victim. We know that the rabies virus turns people into ghouls, which is the ruling elite's plan to terrify the

citizenry and make them shoot each other when the elite decide it's time to spread the rabies virus epidemically. Since they have been air-dropping rabies virus over Texas, lately, their time appears to be now.

Their evil motive is to make people shoot their fellow citizens and thus create a fratricidal civil war across our nation. As our populace decimates itself, the diabolical power elite is thus able to A) escape the people's wrath, and B) institute their planned brutal totalitarian rule. This is part and parcel of their global plan to annihilate populations by war, plague, and famine (all of which Jesus prophesied) such that only a fraction of the world's population will survive to serve them, unable to revolt.

This they have vowed in stone at their "Georgia Guidestones": to kill 12 out of every 13 people on the planet, and to end up with a population of only one-half billion. Just type "Georgia Guidestones" into the search window on YouTube. But first, please watch this Alex Jones report of our diabolical ruling elite methodically creating their desired "zombie apocalypse." John

why have 2 million doses of anti-rabies packets been annually released for several decades when there are only 417 cases of rabies and these packets may or "may not prevent rabies"?
