DISINFORMERS SPREADING FEAR TO NEUTRALIZE SELF PRESERVATION

January 13, 2014 was the burial of one of the greatest war criminals of all time, Ariel Sharon, in Israel. It is self evident that he played a central role in some of the bloodiest episodes of the Israeli-Palestinian conflict. If you want to read the best TRUE history of this mass murderer that I have found, go to http://therebel.org/index.php?option=com_content&view=article&id=735042:ariel-sharon-the-butcher&catid=314:al-manar-tv&Itemid=2390 . And who better to send to Israel to put on a skull cap and “honor” this mass murderer than Joe Biden, who stood in front of AIPAC (the American Israel Public Affairs Committee) on 5/9/09 and declared that he IS a Zionist. THIS IS TREASON. I recorded this off C Span, and have played Biden’s statement on my internet radio shows in the past. It has since been removed from C Span. Sharon has gone to his grave without facing “justice” for his crimes against humanity, just as George W Bush (who called Sharon a man of PEACE) and the multitude of puppets of the psychopathic predator serpents will do UNLESS the people rise up and stop these monsters.

I have been telling everyone who reads these newsletters as well as listeners of radio shows all over the world when I am invited on as a guest about <http://www.americandefenseparty.com> ; a **non-voting political party dedicated to the dismantling of the totally corrupt and treacherous federal government.** Nothing matches the danger to our lives and property that the US federal government presents. SILENCE IS CONSENT; consent is aiding and abetting the enemy of humanity. Tolerance of evil is evil. PERIOD. Loving these enemies of humanity is treason against the human race. What will it take to erase the mind control and get people to defend themselves against this pure evil?

I received an e-mail on 1/11/14 stating that this individual had heard that www.americandefenseparty.com is a “government set up site” where those who sign up or visit it are put on the HLS watchlist via the NSA and will eventually end up in the fusion centers. When I asked where this information came from, I received no answer. No evidence was presented to demonstrate that JB Campbell is not who he says he is. No one else has come up with a plan to stop the evil that controls America. It is amazing how people will come up with the usual excuses not to do anything; especially using a religious cop out not to go against God’s will, only God can judge, we are to love our predators, etc. Of course, this mind control is the reason why things are getting worse every day. What is truly amazing to me is that we all know now that the NSA is listening to every phone call, reading every e-mail, etc. anyways. If you speak the truth about ANY of the atrocities going on, you are already on a list. That is why we have to eradicate the terrorists making those lists. We have to grow a backbone and realize we are already dead if we do nothing. Personally, I will not be going to any FEMA camp. I would rather die than live in the hell on earth that has been created by the psychopaths. Obviously whoever made this pathetic comment about the American Defense Party is a government shill, trying to use fear to neutralize any plan for self preservation.

How disturbing that the instinct for self preservation has been so successfully removed from the majority of Americans, especially those who buy into the “love your enemies” mind control. Love

those who are killing you, creating all diseases, destroying your DNA with bioweapon vaccines. Love those who are destroying the planet. You are already dead if you do nothing...so rather than cowering in fear, how about those with a backbone come together and take care of business. Stop wasting your time reading the mental masturbation of those minions trying to convince you it is "hopeless". Stand up for your children! Stop letting fear and emotion dominate reason. Courage is a muscle in your brain, and everyday you exercise it makes it stronger. ***"Teamwork is the fuel that allows common people to achieve uncommon results."***

Strategic mindwars by NSA Lt. Col. Michael Aquino, a 1980 Military Doctrine Paper, is very revealing as to why so many Americans are mentally impotent and unable to stand up against the psychopaths: <http://www.forbiddenknowledge.com/videos/mind-control/mindwar-paper-by-nsa-lt-col-michael-aquino.html> . It takes less than 9 minutes to watch. See how your mind is being manipulated to beLIEve that there is nothing we can do to turn things around. What better way to keep you on the couch than to make you beLIEve we are destined to be genocided or enslaved?

To those of you who beLIEve that writing letters to politicians or collecting signatures on petitions is going to accomplish anything, I suggest you watch this excellent video as to how politicians see you: <http://www.brasschecktv.com/videos/government-corruption-1/how-politicians-see-you.html> . FACE REALITY.

What you are not learning from the mainstream media about the devastating poisoning of the planet due to the Fukushima meltdown: <http://www.occupycorporatism.com/tepco-quietly-admits-reactor-3-melting-now> . You can detox this radiation with homeopathy; my 5 critters and myself take this homeopathic remedy every day. Contact me for a consult if you want to learn what I would do if I were you.

A medical journal in the US has come out with the criminally fraudulent claim that...get this....mercury is GOOD for the brains of young children. This is where we're at now. Drug companies can not only buy garbage research from corrupt scientists, they can get medical journals to publish it and the news media to report it uncritically. See it with you own eyes. I could not make this one up if I tried:

Two new shows which are actually documentaries:

“Helix” on the SyFy channel reveals what the mad scientists are doing to alter DNA.

“Intelligence” is a documentary as to how soldiers are being chipped and transformed into “super soldiers” (as documented in the NASA documents on www.stopthecrime.net)

I try to include some good news to uplift you along with the reality of what is going on...check out this video of a young girl who proves how important it is to use organic plants:

Lastly, another story being ignored by mainstream media; Maine joined Connecticut this week as the second state in the nation to sign a genetically modified food labeling law, <http://www.activistpost.com/2014/01/mainstream-media-blackout-maine-second.html>

I will leave it there for this week. This is my 79th newsletter for American Survival. I spend a lot of time on these newsletters, and get paid nothing for writing them.
