

BLOOD & ALCHEMY

Hello Dr. Carley. Hello Listeners. This is Pat Jordan coming to you from the Grain Ghetto in Illinois on audio tape. It seems that the Pandemic Prevention team made the World Homicide Organization blink so that there is time for me to do more radio addresses.

This current Illusion that we live in is based on the Hollywood concept of: *Suspension of Disbelief*. Catch phrases like the *Magic of Hollywood* and *Industrial Light and Magic* are no accident except they are not spelled with the “k” at the end to indicate that it was part of the rich tradition of Black Magick from which it came. Nihilism can be defined as *The Suspension of Belief*.

Dr. Carley teaches that there is a LIE inside the word beLIEf.

Only when we objectively examine our own perceptions and the interpretations of those perceptions and sensations can we start to deconstruct what we truly KNOW from what we beLIEve; plus what we beLIEve due to personal experience as opposed to what was handed to us.

Dracula.

That image for the older audience could conjure the image of the Hungarian actor Bela Lugosi dressed in a cape wearing the eight-pointed star of Sargon. This image might be reinforced by having read Bram Stoker who was skilled in the legends of the origins of Satanic Blood Cults as evidenced in his lesser-known work: The Lair of the White Worm. The Zen Buddhists say, “The Image is not The Thing.” When we strip away what was handed to us and dig into Non-Fiction then we see that Dracula was actually a historical figure. For some people the Suspension of Disbelief is so complete that mention of Dracula as a historical figure would cause no more concern than a comment on the weather because they would just accept blithely that Hollywood had manipulated the story in some way to make it marketable and go on with their daily life waiting for the next bit of entertainment to shape their perceptions for them.

When we Suspend Disbelief to accept common sayings as cliché then they seem to be handed down with no intrinsic meaning. Older folks might blurt out something like: “Isn’t that a Feather In Your Cap?” without the first inkling of what it means or where it comes from. I’m sure that some of our Turkish friends would have a problem with that since it was a common Hungarian practice to literally put a feather in their hat for every Turk that they killed.

Vlad Tepes III was a Prince of Wallecia for several reigns beginning in the year 1448. Wallecia was founded around 1290 to 1310 and was known as a principality of Southern Romania. Romania founded in the year 106 was named after the Roman Empire so we can see that already there is a connection with The First Reich. Transylvania is a province in central and northwest Romania. Transylvania was overrun by Slavs; Hungarians; Ottoman Turks; then the Hapsburgs of Austria until it disappeared into the Austro-Hungarian Empire to re-emerge after WWI aligned with Romania then back to Hungary; Nazis; then Soviets; then back to Romania. Transylvania is a very important region. I will reveal my personal opinions on this region in my second book Vaccine Induced Diseases, The Rise and Fall of Kingdom Plantæ, but it is important to mention here that it had the SECOND RICHEST GOLD MINE IN THE WORLD.

All things become revealed when we truly understand the meaning of the mystery behind The Mason's Word. The Legend of The Mason's Word is that when you gain its knowledge the entire Universe opens up to you. My personal experience is that there is not a single specific word that does this, but any single specific word can lead you to the path of – should I say: Illumination?

Prince Vlad Tepes II was initiated into the secret Catholic Military Order Of The Dragon by Holy Roman Emperor Sigismund of Luxemburg in 1431.

Already alarm bells should be going off if we have suspended beLIEf.

- 1) What does a supposedly Christian organization – the ROMAN Catholic Church – need with Military Orders? The Christ on whom they base their theology warned that “Those who live by the sword shall die by the sword.” and “If your enemy hits you in the face – turn the other cheek.”
- 2) Why would a supposedly Christian organization have a Military Order named after *The Dragon*? More to the point: the symbol of the order was that of a Dragon with wings extended hanging on a cross. The Book of Genesis mentions The Abyss who is Tiamat The Great Dragon the same creature warned of in the Book of Revelation. Tiamat, The Great Dragon is the VERY ESSENCE OF DARKNESS AND EVIL. What association could supposed Followers of Light possibly have with the very DEFINITION of Darkness?
- 3) What was the real word for Dragon used in Romanian?

The Dragon in Romanian is Dracul. Just as we have multiple meanings for the same word such as “seal” there are often formal and informal meanings attached to foreign words. In English we can say that *the Navy Seal sealed a letter with a wax seal then attached it to a Seal to swim away with it, thus sealing its fate.* Dracul in Romanian can mean The Dragon (and any images that come along with that) from the compound form of Drac that means *Dragon* and Ul that means *The*. It can also mean Satan. This is important when you know that Vlad Tepes II was nicknamed Dracul. Vlad Tepes III was known as Dracul-a. The suffix “a” in Romanian means, “the son of”. Vlad Dracula. Vlad the Son of The Dragon. Vlad The Son of Satan.

To this day Vlad Tepes III is beloved and celebrated in Romania for defending his territory from the Turks in battle, but also revenge on Saxons and wealthy landowners of Wallacia and Transylvania and anyone who broke his moral code by impaling them on enormous stakes set in fields soaked in blood. Horses were used to hold the victim's legs apart then, typically he would oil the blunted stakes to penetrate the bodies from the bottom up so that they would not die too quickly. But he also amused himself with variations such as impaling babies to their mother's chests and arranging the stakes in geometric patterns or having a meal inside the carnage. He is credited with an average of 70,000 kills. In some towns he murdered 10,000 to 30,000 at a time. He also enjoyed multiple forms of torture to break up the monotony. We are left to the imagination where he came up with these methods and why, because when he was a child his father Vlad Dracul gave him to the Sultan as a hostage. What happened to him then? Again, more to the point: why did Daddy Dracul give his son up to the Sworn Enemy of the Roman Empire? He was supposed to have sworn an oath in the Order of the Dragon to have defended his country against the Turks? It gets more politically unreasonable in that Daddy Dracul was paying tribute to the Roman Emperor AND the Ottoman Sultan simultaneously. Needless to say, Junior came back demonically twisted. I can't leave it to your imagination what Dracula did to women who were citizens of his domain who were found not to observe his code of chastity. The female mutilations were beyond anything you would think possible on this planet unless, of course, you have finally come to the conclusion as I have that this is a Demon Planet not unlike Botany Bay where all of the refuse of the Universe have been dumped

to indulge themselves in an enactment of Hell. I don't see a difference between what Vlad Tepes III / Vlad Dracula did and the descriptions of any tortuous afterlife in any of the ancient religious traditions except that this was not the afterlife.

Reporters risk the label of portraying violence pornographically if they describe in detail the atrocities, however, unless you have witnessed it, had your face rubbed in it, smelled the rotting flesh and curdled blood then you will still remain in that suspended disbelief fantasy where the actors in films really don't die because they have such good makeup and special effects artists; or that kind of thing only happened in the 'old days'. These were real women WHO DID NOTHING WRONG. They REALLY DID DIE HORRIBLE DEATHS. They aren't coming back for next week's episode. They had their reproductive organs cut out; their breasts cut off; and/or were impaled on red-hot stakes through the vagina. One woman who simply cheated on her husband had her breasts cut off, her skin flayed, was impaled in public with her skin displayed next to her on a table.

Dracula's murder spree was going on in the mid-1400s that coincided with the Witch Craze in Europe that coincided with 1453 when the Turks captured the Grimoire Book of Spells attributed to the Hebrew King Solomon. It is one thing for a ruling entity with military force to commit atrocities. It is another thing for the general public to witness it and do nothing to stop it. There may have been a mind-bending Demonic Virus that we could identify with this Rabid, In-Hu-Man behavior because my historical investigations led me to believe that the ancient followers of *The Old Religion* which I label as that of the Cult of Lilu or Lilith which is exactly the cult of Witch Kraft were EXPERTS in the control of microbiology, herbology and mineralogy.

Dracula did not limit himself to the use of stakes. He had the entire kit of devices that the torturers of the Inquisition used. The patterns here are undeniable that they were all working from a central Playbook. As a young boy in the captivity of the Sultan, Vlad #3 used to capture then torture and mutilate or impale wild animals. Society creates its own Monsters.

We can see fantasy and reality crossing over with the use of stakes. Dracula. Sons of Satan. Fields of Blood.

Is any of this illuminating?

Illuminati.

The Ancient Egyptian Magicians believed that the pronunciation of the Magic Words was more important than the ritual. I began to pronounce words when they came up in my research. You must use European vowel sounds to get past the occulting that occurs during translation and transliteration. A good example is found in the word A-m-a-r-i-l-l-o. In Texas it is called Amarillo. In Spanish it is Amarillo and actually means Yellow.

ILU is the name of the primary demon/god of Babylon by which it was named: Baba ILI or Baba ILU. They change names as often as you change underwear. ILU was a gender morphing Vampyre entity better known as The Whore of Babylon, Lilutuv, Lilith, The Night Monster, The Extinguisher and KI-EL the Storm Goddess. The legends around Vampyres, spelled with a "y" instead of an "i" from the Hungarian transliteration, is that they are creatures of the night, which is consistent with the Babylonian myths with the escape clause that some of these Vampyres had exceptional powers and abilities to afflict and infect humans AT HIGH NOON.

Funny you should mention The Sun. AMON is the Egyptian demon/god of the Sun. Amon is the One True God promoted by the Pharaoh Ahkenaten also known as Moses. This would make the famous King Tut, bathed in Gold in his funeral ornaments, the son of Moses. Gold has been hand-in-hand with Sun Worship and Blood Cults for the past 6000 years. ATYS in Egyptian means Prince. My deconstruction of Illuminati is not what the mainstream has SUGGESTED it to be: Illumination from the Sun Cult or Lucifer from the Latin: Lux Fere meaning Light Bringer. Authors like Lawrence Gardner and others make a convincing argument that Lucifer was the pet name of a King of Babylon so it has no literal association with The Devil / Hasatan / Hel El / The Lord of Hel, whatsoever. I ASSUME that any true meaning had been occulted; however, these Cults expressly force the evocation of their names and the names of their demon/gods every chance they get. Moses was skilled in Black Magick as evidenced in Exodus and the Sixth and Seventh Books of Moses found in rare German Bibles like the Weimar around 1505 and as English translations around 1880. Since his ancestor Abraham came out of the rich Chaldean tradition of Black Magic in Babylon/Sumeria we get the melding of the Babylonian and Egyptian Mystery Schools in one unbroken family line embracing both Lilutuv the Moon Demon Goddess and Amon the Sun Demon God.

ILU AMON ATYS then would be: The Princes of the Moon and the Sun.

Perhaps your mind feels as twisted as mine is when you read that the primary Babylonian legends from which Vampyres came did not have their Evil nullified by the noonday sun but it actually empowered them at this time of day. If Hollywood couldn't even get this right until later movies that allowed the creatures of the night to move around in daylight, then what else have they occulted and confused us with?

Alchemy is the 'science' of turning Base Metals into Gold and the formation of the Philosopher's Stone. Base Metals refer to things such as Lead. The Philosopher's Stone was a prize to Sorcerers who could use it to accomplish transmutation of Elements and convey eternal life. Not bad work, if you can get it.

But this is what we were *told* to believe about the "myth" of alchemy, while we read the news and listen to TV announce in 1941 that Enrico Fermi used Rockefeller's particle accelerators to bombard Mercury with Neutrons and made radioactive Gold and Platinum. This *is* Alchemy. No longer are the Sorcerers wearing pointy hats and breathing in toxic fumes at the latest attempt at transmutation. Safely protected inside the superconducting magnets of their Magick Circles, today's Alchemists are wearing business suits using first slide rules, then supercomputers in order to bombard elemental particles with your tax dollars and never quite telling you what they are doing with the Pure Research once they have obtained it. Not to worry though, all of those toxic radioactive metals that were waste material during their experiments in the 1940s were donated in the early years to MediSin until they found out how to poison people with them, then they started charging money for the radioactive waste.

What were they trying to Transmute in the humans?

Let's see? Although he had been at it since 1935, in 1977 Louis Kervran was nominated for a Nobel Prize for demonstrating that living cells could transmute one Element into another. It didn't take Rockefeller's particle accelerators with Millions of Electron Volts slamming subatomic particles into each other to do it. Now, if your body can change Silicon into Calcium then it really

begs the question that if we were not made permanently sick by Jenner for the past 219 years what Biological Alchemy would we have been capable of?

All of these answers would be self-evident if James Maxwell's equations had not been occulted and converted from quaternions to vectors after 1879 when Maxwell was dead and couldn't argue about it. Because of this cover-up, Einstein pretended to use the mutilated equations trying to come up with a Unified Field Theory that never seemed to arrive. I say 'pretended' because Albert Einstein was a self-avowed Sionist who tasked his Hungarian wife Mileva Marik with coming up with a formula for Mass. She came up with $M = E/c^2$ and his only claim to genius was using the Multiplicative Property to make it into $E = mc^2$. An equation so simple and elegant that when he presented it as his idea to a group of male scientists they actually wept. Einstein quietly put away his non-Jewish wife and married his first cousin. Mileva and her son ended up in the Nut House. Thanks for playing now drop out of sight.

What was $E = mc^2$ and what did it get us?

Despite Oppenheimer being the coordinator of The Manhattan project the World-killing Adventure would not have gotten started without that equation $E = mc^2$ and Einstein urging Roosevelt to pursue it. People call Einstein a Genius without once acknowledging the fact that he was the True Father of the Atomic Bomb. People say the word Genius without knowing the true Black Magick origin of the Persian Creatures called the Genii also known as Djinn or Genies that I introduced you to in the Biology of Aggression series. The Aeshmo Daevo was pre-eminently wicked with knowledge in EVERYTHING EXCEPT THE ART OF HEALING. Atom bombs do not heal. Radiation and radioactive isotopes do not heal. A genius is a label that should be applied carefully. Consider that the first Alchemists were Ancient Volcanologists who were part of a Guild or Craft. Craftsmen as in the Cult of the Masons from Ancient Egypt. Kraft with a "k" being a word in German that means POWER. As in Witchcraft meaning Witch Power.

Power is what $E=mc^2$ releases. The Genie gets out of the bottle.

Once that Genie gets out of the bottle there is no formula to put it back.

Enrico Fermi who worked on the Manhattan Project was taking bets at the Trinity Test that the A-bomb would either obliterate the State of New Mexico, or it would ignite the Atmosphere. The same year they blew the A-bomb is the same year they started Cloud Seeding experiments.

Care to lay a wager?

Chemtrails, you were led to beLIEve are whatever the disinformers want you to accept. Look up Project Stormfury and Project Starfish for yourselves and come to your own conclusions.

Incantations are like Chemistry or Physics formulas for Magick. The symbols used in Alchemy for the Elements are the same ones used today in Astrology, the Qaballa, Witchcraft, and Keltic and Runic signs. Alchemy is the use of physical science for Magickal purposes. What, then, is the difference of incantations from physics and chemical formulas that result in devastating World-Killing destructive power? Base metals are being used to transmute Matter to Energy. The refinement of Uranium takes industries the size of small cities. Alchemists no longer work in secret in dark castles or caves they are mainstream, in your backyard and they hire you and your neighbors to do their dirtywork. If you have ever watched a TV show called Sliders then you will know a

secret that probably should not have been aired on television, but the intelligence and security agencies never seem to sanction or censor the Sionists in Hollywood. Atomic Bombs are a combination of high explosives around a Uranium or Plutonium core. The outer layers of the core move under impact at different speeds than the inner part so a lensing system of using lighter metallic elements like lithium and sodium, etc. had to be built like a layer cake. What kind of Genius and mathematical/spell casting does it take to conceive of such and thing and then pour the blood, sweat and tears into fabricating it?

Blood, Sweat and Tears.

Except not their own.

The word Holocaust also called the Shoah in Hebrew means Burnt Offering. Burnt offerings were typically given to the god Molech, aka Malach / Moloch, etc. by the Phoenicians in Carthage. They would put babies in large urns and BURN THEM! This is where we get the word Immolation. To burn. To burn for Molech. Immolation. The Phoenician temple was said to have a large emerald colored stone at the center of the worship. Green is the color of Lucifer. The Emerald Tablets of Thoth. The Green Eyes of Envy. It is said that the high level Mormons put on Green Aprons (yet another connection to Masonic aprons and the Cult of Osiris) and incant “Pele Ale” or “Pele EL”. Pele is one of the Names of Power mentioned in the Second Division Book of Psalms of the 6th and 7th Books of Moses. Of course, the Hawaiian Volcano Goddess is named Pele and a common practice on Molokai (Molech) was to toss a baby or two into the volcano to appease the goddess. Immolation.

How do we traverse the globe with disparate cultures with seemingly NO CONTACT that have the same demonic name-structures and cult practices over several thousand years?

Don’t look at me! Without a Jet Airplane or a Kon Tiki raft I have no idea.

How do we have a connection between Nazi crematoriums (Holocaust) and the gift of the declared Sionist Albert Einstein paving the way with Oppenheimer then Teller for Thermonuclear Holocaust? Hundreds of thousands of Japanese murdered in the greatest Terrorist Attack in the History of the Planet. All offerings to the same gods of destruction. “*Thank GOD for the bomb*” is what they said. Which God? Sounds to me like the God of Carthage at the very least.

Who are these Puppetmasters? What is their End Game? Only you can help us sort it out. What we ALL have to do at this point is become Nihilists. To suspend BELIEF. We must abandon the BELIEF that Hollywood gave us that Vampyres are myths and make-believe. We must suspend BELIEF that the ancient texts were simply the jabbering of uneducated ancients that have no relevance in a technological society. When you pierce the thin veil between what you were TOLD to DISbelieve and what is verifiable fact then you start to see that you have been lied to about everything FOR ALL TIME. DIS was the favorite name that Dante used for Satan in his poem The Inferno in his Divine Comedy. Dis means ILL or Evil. Like: Disaster – the unfavorable aspect of a star – or evil star. ONLY when we start from zero – the point of scientific inquiry – to ask the question: *What is it that I do not know?* can we ever hope to unravel the spider’s web and free ourselves from certain doom from inoculations of poison that dull our brains while they are filled with non-facts.

The Mungiki organized crime gang in Kenya was reported by the New York Times on June 22, 2007 and April 22, 2009. They would attack people and drain their blood into Jerry Cans – the equivalent of our gas cans – and they would swear allegiance to Satan and drink the blood. If this is not a modern description of Vampirism then just walk away. The Vampyre Queen of Babylon Lilu, Lilutuv, Lilith, KI-EL is also the Moon Goddess that the Witches worship. The Mayan Sun Serpent required human sacrifice and cannibalism.

This is a radio interview on the author Eve LaPlante who wrote
Salem Witch Judge: The Life and Repentance Of Samuel Sewall

After I heard this interview and went to the Law Library I discovered that the Salem Trials killed ONLY non-Wiccans. 19 people were murdered based on Spectral Evidence and testimony of children. A Witch is not supposed to be able to recite The Lord's Prayer forward. But some of the accused did just that on the way to the gallows. *The surprised crowd did nothing but watch.* Do you get the sense that their DISBELIEF of idiocy was so suspended that they took these proceedings and killings in the same way you would take in a movie today? We can also project that they were so afraid to say anything against the proceedings because they too might be accused of being a Witch that they remained silent. This is THE SAME PATTERN PLAYING OUT TODAY WITH THE WITCHCRAFT OF VACCINES. There should be protests in the streets. There should be pickets around vaccine manufacturers. Silence is CONSENT. The only thing necessary for Evil to succeed is for good people to do NOTHING. If you have spent any time in large cities like Los Angeles then you will know that there are advertisements in newspaper classifieds for Activists. It paid \$10 an hour in the mid 1980s. Political voices for hire. This shows that the large corporations that fund healthcare reforms that never happen actually hire and train people on how to be impotent. Never in History, that I am aware, has ANY vaccine manufacturer been confronted with a picketing line of protesters DESPITE the documented facts that we present on these shows that VACCINES ARE THE SINGLE CAUSE OF ALL DISEASE IN NORTH AMERICA AND MOST OF THE WORLD. The judges of the Salem Witch Trials were rewarded for their complicity by being appointed to Superior Court Positions that were invented just for them by the Governor of the Massachusetts Bay Colony who was a known Pirate. Pirates were typically Knights Templars. This became the basis of our Higher Court System populated by Wiccans as a reward for eliminating any Hu-Man competition with the Wiccan cult. IF YOU HAVE EVER WONDERED WHY THERE IS NO JUSTICE IN AMERICA AND WHY COURTS BEHAVE AS IF CRIMINALS WERE TO BE REWARDED AND LAW-ABIDING CITIZENS WERE TO BE PUNISHED, THEN YOU HAVE TO LOOK NO FARTHER THAN THE REASONS BEHIND AND THE PEOPLE THAT FORMED THE HIGHER COURTS. All US Courts are based on Witchcraft and they practice it in Black Robes! The Salem trials ended abruptly when the young girls accused the Governor's wife of being a Witch.

If you have perfume, a gazing ball in your yard, digitalis in your medicine cabinet, rabbit's foot key chain, necklaces, charm bracelets, Lily flowers on religious altars, horseshoe above your door,

devil's horns hand sign at rock concerts, tied a knot of string on your finger to remember, celebrated Hallowe'en, then your life has been affected by the influence of Witchcraft.

Obtain and read a copy of: Witches, Midwives and Nurses, A History of Women Healers, by Barbara Ehrenreich and Deirdre English, 1973, ISBN 0912670134

and you will see that the Salem Witch Trials, death count: 19 was NOTHING compared to the MILLIONS of women who were slaughtered by Catholic AND Protestant CHURCHES under the ACCUSATION of being Witches. It was said that in every village there might have been *only* one or two Witch/Wise Woman/Healers. After the cullings there were zero or one or two women per village left. My premise is this: The Church of Satan's Creed is: Evil is Good, Good is Evil; therefore, if they were able to convince entire civilizations from 1300 to 1700 AD to slaughter innocent women, then the only ones left would be their own kind – Wiccan/Satanists. What better way to eliminate the competition then to get the stupid human Slave Work Units to cull their own Mothers, Wives, Healers and Nurturers with torture and death?

If you were appalled by the actions of one man Vlad Dracula in a position of power for his cruelty and brutality then imagine an entire mob of your fellow villagers in Europe doing the same thing. Dracula killed tens of thousands. Insane mobs killed MILLIONS.

If they had ONLY SUSPENDED **BELIEF**, THEN NONE OF THIS WOULD HAVE HAPPENED. Do you understand that these crimes were perpetrated by people of Faith? Yes, Catholics were complicit. The Roman Catholic Church made Heresy a crime punishable by death in 430 AD and systematically persecuted it by 1100. But they were running out of victims so they expanded the Inquisition to include what they were calling Witches and Sorcerers by 1258. Yes, Protestants were complicit. They saw how much land and property and money they could steal from the unjustly accused so they got in the game too. These religions made themselves unimaginably rich by murder. But consider that Wiccans and Satanists are People of Faith too. If they did not beLIEve in and worship KI-EL from whom we probably get the word KILL, then none of this would have happened. But which is worse: The Devil on your shoulder whispering in your ear to do something bad – or **you** for doing the bad thing?

It seems to me that the Devil is powerless without your complicity.

Charles Manson was sentenced to prison NOT for killing people but for influencing people to kill. Manson would have had to either committed the murders himself or he would have been powerless if his followers did not listen to him.

Magick is Illusion. To get someone to beLIEve that something is not what it appears to be. I will always refer to the movie Beneath the Planet of the Apes where the Underground Civilization who had developed Mind Control and worshipped an Atomic Bomb told their captives, "We don't kill our enemies. We get our enemies to kill themselves." The Princes of the Moon and Sun will not be holding the vaccine needle that starts the Pandemic. It will be your doctor, your nurse, your neighbor. "We don't kill our enemies. We get our enemies to kill themselves." The laboratory created Spanish Flu Pandemic of 1918 caused a cytokine storm. This is where your body recognizes its own cells as invaders and sends white blood cells to dissolve them. The ILU AMON ATYS dug up the Spanish Flu corpses in Alaska and resurrected the Demon named Influenza. They used Alchemy to coax the demon out of the tissue then sequenced the genome to create an Incantation to resurrect their GOD. The current Swine Flu as a bioengineered weapon has the

capability of creating a Cytokine Storm. Your immune system will attack your own cells. “We get our enemies to kill themselves.” If you don’t immediately recognize that as the pattern I have outlined from 6000 years ago until now, then walk away. If you don’t realize that everything you know or think you know is based on a LIE, then walk away. If you beLIEve that everything is going to work out without your active participation in doing the Right Thing and active suppression of doing the Wrong Thing, then walk away. I do not want to have to slow down to step over your corpses in the biggest battle this Planet has ever seen. This is not Hollywood. There is no Santa Claus. Dracula is real. Alchemy is waiting for you in a needle.

This is Pat Jordan signing off from the Grain Ghetto.
