

## Ea-rth Quake Insurance

Hi Everybody,

I was on a rant one day on Dr. Carley's show because I had been reading the Protocols of Sion in preparation for doing a Reverse Protocols and what had struck me at that time is their threat:

### **Protocol # 9**

13. You may say that the GOYIM will rise upon us, arms in hand, if they guess what is going on before the time comes; but in the West we have against this a manoeuvre of such appalling terror that the very stoutest hearts quail - the undergrounds, metropolitans, those subterranean corridors which, before the time comes, will be driven under all the capitals and from whence those capitals will be blown into the air with all their organizations and archives.

I was upset because there are municipal sewers in even small towns that have become breeding grounds for superbugs spawned by the weapons programs in the US along with the OTHER weapons program called VACCINATION. People shed all of the microbes in the vaccines just like their pets do. I probably was so worked up that I didn't make a coherent point that if you see the documentaries about the underground infrastructure of New York City and remember when the CITY BENEATH THE CITY of Chicago got flooded by the River when there was a breach that the stuff written in the protocols are not idle threats of Ravers from 1785. These freak animals have been living in Caves and the Dark Places since their Mother Lilith was doing the Nasty with Demons after running away from Ea-Hu-Vah/En-LIL.

Anyway, here it is months later and that thought is still rattling around in my head like a pebble in a pop can and Professor Tim brought to my attention the sinkholes around Chixalub and another fave listmember sent me links to the sinkholes in Guatemala that look like something out of a Spielberg movie

[http://www.channel4.com/news/articles/science\\_technology/huge+guatemala+sinkhole+appears+after+tropical+storm+agatha+batters+central+america/3665832](http://www.channel4.com/news/articles/science_technology/huge+guatemala+sinkhole+appears+after+tropical+storm+agatha+batters+central+america/3665832)

THEN someone else sent a message that talked about the Freak Animals possibly using a nuke to SEAL THE HOLE on a pie crust with crude and NATURAL GAS UNDER PRESSURE.

To quote Jurassic Park, "That's the worst idea in your entire HISTORY of Bad Ideas."

EVERYTHING THESE MURDERERS DO IS INTENTIONALLY WRONG.

The implication in the email was that setting off an explosion on the Pie Crust might just lead to setting of the New Madrid Fault that HAPPENS TO HAVE ITS ORIGINS IN THE DAMN CHIXALUB TO BEGIN WITH.

Now, I am really humbled by the way that my list can feed me the right data. I had always suspected that the New Madrid was formed from an impact but my suspicions were always to the North. Sometimes the Old Grey Cells get target fixation and you can't see the Meteorites for the Strewn Field.

For reference: The New Madrid is a CONTINENT SPLITTING FAULT LINE THAT MAKES THE SAN ANDREAS LOOK LIKE A CRAZE IN THE GLAZE OF A CHINA CUP.

There is no way that I would suggest that anyone consider purchasing Earth Quake Insurance since if these Freak Animals continue at this rate there won't be any North American Continent left, but I thought it would be at least civil of me to present that as something to consider since these Freak Animals take Tontines out on themselves for amusement (reference Captain Sherlock and reconsider the History of Lincoln's crazy wife).

I had postulated in the earlier show that The Boys might just turn on the HAARP to set up a subsurface resonance to set off the New Madrid just to mess with the economy because it is a mere 1 Billion Watts just in a single Alaskan array and there are MANY installations in the Northern Hemisphere, so even Norway could set it off and there would be plausible deniability since even SIXTEEN WATTS OF RADIO POWER FROM GROUND BASED TRANSMITTERS CAN SET UP DESTRUCTIVE RESONANCE (check my math from memory in the Holes in Heaven video).

But the whole Chixalub Oil and Water Pie Crust scenario is as if it were scripted for the movie. This is Book of Revelations on DVD the way they have the Natural Disasters in the Wings at Stage Left ready to Enter on Cue.

You have to ask yourself:

- Where are the Sam Kennedy Grand Juries?
- Why don't we hear the sound of sawing wood and hammering for public gallows?
- WHEN is it going to be bad enough for the Keep Your Powder Dry Christians to actually do something other than hide and talk?

- Oh, and: "Honey, do we have EARTHQUAKE insurance?"
