

FLAGS DON'T STOP BULLETS

Sometimes I am humbled.

Humbled by the STUPIDITY that people ASPIRE to in order to preserve their beLIEfs.

Just as a fully grown human is brought down by micrograms of venom from an insect sting – the skeptical community says that a fully grown human cannot be susceptible to low levels of chemical toxins in an environment. Such things as Willful Ignorance and Defending The Devil transcend the realm of beLIEf and plunge headlong into malicious intent. BeLIEf of ANY kind is Venom. It is a constant assault of toxins that poison our living space.

Below is a message that was sent to Dr. Carley as an apparent rebuttal to her challenge (not an NWO codeword folks, so I hope it didn't trigger your programming) for anyone to PROVE HER WRONG after our Men in Black show on 05/29/2010 on the judiciary.

The Master Template Overlay that we have been seeing before, during, and since that show is that there are quite a number of people who are full of themselves who say categorically that everything we are saying or offering on the topic of the Fraudulent, Murderous Judiciary is wrong and that they can refute it in a phrase.

After pages and pages of saying how difficult it is to explain our errors, the rebuttals and chastisements fail to include the Magic Phrase that Enlightens All.

Dr. Carley sent me an email she received of self-inflating gibberish that is nothing but rehash of what we already know, denigrating remarks on our own views of what we already know, posturing that he is the sole holder of the SECRETS OF THE UNIVERSE but NOT A DAMN WORD THAT PROVES ANYTHING let alone the Magick Words that frees the prisoners from the Tyranny of the Courts. This pattern is repeated so often and precisely that it reminds me of the stories from Vietnam Vets of monkeys in the trees that would crap in their hands and throw it at them as they walked by.

I will deconstruct the most recent attack on Dr. Carley and her integrity as it provides all of the characteristics of empty words with NO PRACTICAL VALUE. As I said, I pass along all of the material that comes my way just in case it can provide useful tactics in defeating this Hydra, but this kind of material is the object lesson of an entire submission that says nothing. We don't have time to do research, we don't have money to waste confirming such claims and especially in the real time situation where your future is at stake. Something either works with proven case law to substantiate it or YOU ARE JUST WASTING OUR TIME!

Hello Rebecca Carley,

You have over one thousand rights. Do you know them? I doubt it. Can you claim them? How can

you? If you can't claim your rights, you don't have any! PERIOD! The law is very rigid and logical. You can't jump all over when you state your claim!

Your attorney can't claim your rights! Did you get this? Your attorney can't claim your rights! ONLY YOU CAN CLAIM YOUR RIGHTS! You can't just fill out some form about sovereignty or independence or anything such, sign it and claim you are that. Anybody who does such a thing is out of his/her mind, proves him/her to be a liar and shows right away the lack of knowledge in law.

There is also a downfall to "rights". You can give away or contract them away. About 99% of the population did and doing just that. When this happens, stop bitching that you don't have any right. You are right, you gave them or contracted them away!

I included a short audio attachment "who owns you" and you better listen if you want to get out of the trap you are in.

If you hire an attorney, you give away your rights!!! You also declare yourself to be mentally incompetent.

When you walk into a courtroom, do you know what jurisdiction you are in? I doubt it. How do you find out? Simple! Look at what flag the judge flies. Does it have yellow fringe around it? If there is, you are in a military court Marshall admiralty court.

Are you aware that you have seven pleadings, not just the "guilty" or "not guilty" plead? I don't think so!

If you plead "not guilty", you are guilty already because you plead into the fiction and to top it, you can never prove a "negative" condition.

Do you have a flag? I don't think so. If you don't have a flag, how do you represent YOUR jurisdiction? When you enter into the "bar", the judge's flag captures your body (vessel) under admiralty rules. Game over for you. If you would have a "Title 4" flag with you, (and know what it represents) you would have a chance to get out (a)live.

Does the document that brought you into the court have a flag on it? Highly unlikely. If there is no flag on the document itself, what jurisdiction does it represent? Do you have the guts to bring this to the judge's attention? Probably not.

Granted, there are judges who are not honest. Can you unseat them? Do you have the knowledge what to do if you encounter a corrupt judge?

A judge doesn't know the "law". A judge knows and follows "procedures". To put it simply, he/she is counting in sequence, 1,2,3,4,5,6,etc. and he/she won't jump from 3 to 6 because it violates the "continuation of evidence". Do you know how to use this administrative procedure to your advantage? Of course not! Why not?

These are only a handful of examples that you didn't know and consequently spreading false information about the law.

signed XXXXXXXX

PS: By the way, your name is NOT "Dr. Rebecca Carley". Your name is what is on your birth certificate.

Oh yes, if you are so hard on the medical establishment why are you using their title they gave you? You still belong to them, even if you don't like it! Your actions deny what you claim. What does that make you?

I am proving you wrong regarding your statements about the law in your show. Remember; "prove us wrong".

I was just bored this afternoon. No need to reply!

OOOPPPS!

I never got around to finishing let alone sending or talking about my latest paper **Right of Conquest** that might end up being a short book based on the Protocols of Sion.

If I had, then his first statement out of the box would never have been raised.

According to the Puppet Masters the ONLY Rights are those taken by Force.

THEY KILL PRESIDENTS IN PUBLIC WHILE THE CAMERAS ARE ROLLING!

I don't give a rat's hairy hind end if *we have a thousand Rights*. If you don't have a thousand bullets and buddies to back it up then it is closed. Dr. Carley proved by her life and experiences (apparently the author has no practical experience) that ALL OF THE LAW IS A FRAUD

<http://hardtruth.navhost.com/secretoath.html>

NEARLY NO ONE ON THE PLANET KNOWS THAT AND THEY ARE SUCKED INTO THE SUMERIAN FUNNEL UNDER THREAT OF IMPRISONMENT, HARM AND DEATH.

Round One goes to the Thugs with Guns.

He is right, *you have no Rights if you can't claim them*. You CAN fight City Hall, but then they call in the SWAT teams, the National Guard, the Military, and the U.N. So, again, unless you have the FORCE to back up those Rights...Round One goes to the Thugs with Guns.

Of course we know NOW that attorneys are Esquires who are foreign agents that are only there to see our demise. The ATTORNIES did not tell us this. The Yellow Pages did not tell us this. The FREAKING JUDGES WHO WERE ALL ATTORNIES did not tell us this. Our fellow man did not tell us this. WE LEARNED IT THE HARD WAY OURSELVES. So, we pass it on to the world yet some academic who probably read it in a book is acting like we are cretins for not knowing it apriori.

Signing a form on sovereignty proves you are a liar.

Possibly. I recently found out that making and filling out forms is something that ONLY an attorney can do and if you do it yourself you are 'practicing law' and will be prosecuted. Paper forms don't stop bullets either so filling out a form without tons of armament and a posse to back you up might show that you are not able to stand except for a few seconds under the Tyranny.

Lack of knowledge of The Law.

This one always gets me. What Law? Talmudic Law? Hammu-Rabi's Code? Roman Law? French Law? English Law? Uniform Commercial Code? International Treaty? You see, they ALL are in play in the United States Fraud.

NO ONE ON THE PLANET KNOWS: THE LAW and it doesn't matter anyway when the Judge and Lawyers and Attorneys are golfing buddies and they have already agreed on the outcome of the case before you 'appeared'.

ENOUGH WITH THE: *You contracted your rights away you stupid ape that was so easily fooled that I took everything you had by Fraud and Force*, monkey doo that is coming out of your mouth this time.

NO ONE was trained in the STATE MANDATED EDUCATION that contract law ruled this miserable Dung Heap and that Insane Con Men were in control of every aspect of Society. It has to be a Talmudic/Satanic saying: *Ignorance of the law is no excuse*. The Judges and Lawyers are NOT ignorant of the fact that they are participating in the greatest FRAUD in the history of civilization. There are no End-of-the-World Christians with breadboards around their necks warning people who enter Private For Profit Courts that they are becoming party to a Global Fraud. It always comes down to: if this author fell victim to a predator of any kind then he would be crying for assistance and relief from passersby and would be upset if they mock him, but it is OK if he mocks those who have fallen and are currently falling victim to the biggest scam in History.

This, folks is called: *Blaming the Patient*. You see it in the religion of MediSin, the religion of PoLIetics, and the religion of Just ICE, which is the Ninth Circle in Dante's Hell reserved for Satan and those who practice TREACHERY. That is what it is. Treachery and Treason. NO ONE told us what KIND of court we were forced in to; or that a Talmudic Judge is REQUIRED to find against and innocent party because they had to have done *something* in a former life for them to even *find* themselves in court.

Wow! *Jurisdiction!* Yeah, we've never covered the Admiralty or Colors of Law before. We should do a show on that...

WTF?

1) NO ONE is trained in STATE MANDATED EDUCATION that the different flags have different meanings and that they are used FRAUDULENTLY as traps for those who DO NOT KNOW, ARE NOT AWARE TO RESEARCH IT FOR THEMSELVES, AND WERE NEVER GIVEN THE HONEST FAIR-WARNING OF WHAT JURISDICTION THEY WERE BEING FORCED INTO AT GUNPOINT.

2) Who gives a Flying Monkey Bombardment anyway? Marshall Law, Marshal Plan, or Marshal Tucker. It doesn't make a difference! They make INTERNATIONAL TREATIES that are supposed to be higher than even Constitutions of Sovereign Nations and break them as easily as a Kol Nidre. Get freaking real, buddy, these are LYING

KILLERS. It doesn't matter if they flew the flag of Disney Land they would still steal and rape your kids if you didn't pull out your equalizer to stop them.

3) <http://hardtruth.nayhost.com/secretoath.html>

THEY DON'T HAVE FREAKING JURISDICTION THEY ARE FRAUDULENT ENEMIES OF THE PEOPLE!!!!!!

And what is with the **Seven Ways of Pleading?**

Weren't we just establishing that we were Sovereign and Had Rights?

Why would a Sovereign of any Nation or Power ever PLEAD? MAKE A PRAYER TO A COURT or in any other way grovel to a FOREIGN HOSTILE POWER?

You can't prove a negative.

Perhaps not in Talmudic Courts. Hell, you can't prove anything when they ADJUST THE TRANSCRIPTS IN THE INTEREST OF JUSTICE, COMMIT FRAUD, RULE ILLEGALLY, ARE CORRUPT, MALICIOUS OR INCOMPETENT AND GET FULL IMMUNITY.

In mathematics you CAN prove $1 + 1 \neq 5$. Perhaps we should abandon courts altogether since they cannot even perform SIMPLE MATHEMATICAL EQUATIONS!

WE NEED A FLAG!

Oh! That's a New One. Haven't heard that before. I guess if we got creative they make three-piece suits out of bulletproof material in Columbia. Perhaps we could have a flag made up of Kevlar. **FLAGS DON'T STOP BULLETS!**

In courts where the judges decide what is allowed into evidence and even if they let it in the record they take it out the next available moment; they give FRAUDULENT instructions to the Jury; they masturbate at the bench while hearing cases, I don't think a flag of any sort will do anything to keep the Marshals, Bailiffs or Sheriffs off of your arse since they have Teflon-coated bullets to meet such occasions.

Their flag captures you.

Is this a freaking game? Tag you're it? Forgot to bring your flag! Didn't say: *Mother May I* or *Simon Says!* Read the stuff I just wrote about the Talmud – JUST ENTERING THE COURT ROOM MEANT THE GAME WAS OVER!

Again:

Where is the detailed information on what procedure must be implemented to make this of any practical use to anyone at any time?

WHERE ARE THE CITATIONS OF CASE LAW THAT ANYONE CAN LOOK UP THAT WOULD SUBSTANTIATE THESE CLAIMS?

“IF IT DOES NOT EXIST THEN, THE IDEA MUST BE SHIT!” can I be O. J. Simpson’s lawyer?

Title 4 Flags, Stamps with signatures across them. Listmembers have reported to me that Judges peel the damned stamps off of the documents while they are talking to the victim in the dock. If you forget to put a stamp on the back the judge simply turns the paper over and tells you that he does not see the papers you are referring to. THESE ARE LYING KILLERS! What possible difference could a FLAG MAKE?

No flag on the papers?

Another New One. Every time we agitate the Hornet’s Nest of beLIEf in the Judiciary they come up with endless and creative ways of increasing the likelihood of the victim buying into Game Theory and Intermittent Returns. If I only jump through the Stamp Hoop, or the Flag Hoop, or File the RIGHT papers before entering the court...

Monkey Doo.

Do you have the guts to bring it to their attention?

Certainly he is speaking in the Third Person, the Royal You, the indeterminate Personal Pronoun? Dr. Rebecca Carley not have guts? Dude, you don’t have any brains.

“Granted, there are judges who are not honest.”

THERE ARE *SOME* BAD JUDGES?????????!!!!!!!!!!!!

Are you freaking insane?

read:

<http://hardtruth.navhost.com/secretoath.html>

and then

READ IT AGAIN!

THERE ARE NO GOOD JUDGES THEY ARE ALL SWORN INTO FRAUD THEY ARE ALL BAD THEY ARE ALL EVIL THEY ALL WEAR THE BLACK ROBES OF SATANISM!

This is like having the Village Idiot helping you fix your rocketship.

And now we get to the heart of why I crafted this Anger Fest:

Can you unseat them?

No. No one has in 6000 years and THAT IS WHY WE ARE DOING THESE EXPOSES! Unless you hold your brass testicles in your hand (singular since I know they are tiny) and TELL US IN THIS DOCUMENT INSTEAD OF POSTURING THAT YOU ARE ALMIGHTY SMARTER THAN WE ARE; AND CITE THE CASE LAW THAT PROVES YOUR ABILITY SO THAT ANY FOOL CAN LOOK IT UP, REPLICATE IT AND CLEAN UP THE ENTIRE DEITY-DAMNED JUDICIARY THEN YOU ARE VOMITING MONKEY CRAP!

Do you have the knowledge what to do if you encounter a corrupt judge?

Again, please do not humble me like an insect sting with such meager venom that can bring down a fully-grown human with such stupidity. Idiocy is paralyzing.

‘A’ corrupt judge?

<http://hardtruth.navhost.com/secretoath.html>

Moron, they are ALL CORRUPT; THE WHOLE SYSTEM; EVERY ONE; THROUGHOUT ALL TIME!

Obviously, we are mere men against the godly knowledge of such an intellect that can show us our faults that we already know and give us no practical useful advice on the topics that Only He seems to possess. Dear Listmembers do you see that he simply tossed turds and has SAID NOTHING?

A judge doesn't know the "law".

Ignorance of the Law is NO EXCUSE!

See how I whipped that out and put a mirror on the laser beam? But seriously, folks, why wouldn't the bastard know the Law? Shouldn't he or she be tarred, feathered (that was a lethal procedure by the way, if you didn't know) and run out of town?

A judge knows and follows "procedures". To put it simply, he/she is counting in sequence, 1,2,3,4,5,6,etc. and he/she won't jump from 3 to 6 because it violates the "continuation of evidence".

Really? And I thought from years of experience that they just make this shit up as they go. Don't we have a Religiously Orderly World where just a few judges are 'not honest' but the rest are just doing their job and 'following procedure' as they TAKE AWAY YOUR LIFE, FREEDOM, PROPERTY AND CHILDREN! Just doing my job. Just following orders. Yeah, heard *that* one before.

And that makes it better? If we are supposed to see some kind of Order to the Serial Killers and Rapists, we might be able to PLAY within their rules? Game Theory Intermittent Returns, again folks. Same old shit, same Play Book just rehashed with lipstick on the pig. *Continuation of evidence?* Like the nice linear flow from the judge's hands to the garbage can? Man, have you *ever* spent any time in the Real World?

Do you know how to use this administrative procedure to your advantage? Of course not! Why not?

Well, one reason is you just keep baiting us like a bully and never offering a single bit of useful data that will be able to be used in a practical way after it is confirmed by case law citations that you have NEVER provided. Administrative procedure. Dude, ever listen to Ralph Winterrowd? Administrative Law is the current Belly of the Beast. This is like waiving your Rights to play in their court (like in basketball) with their Home Court Advantage. Administrative Law is TREASON if you were to beLIEve in the Constitution. This hodgepodge collection of beLIEf in how the system is SUPPOSED to work mixing the different religions of UCC, Administrative State, and Constitution is like Frankenstein's Monster. The thing was sewn together with a CRIMINAL BRAIN.

These are only a handful of examples that you didn't know and consequently spreading false information about the law.

We are so stupid and you are so wise and your handful of little brass balls trumps our exposes of the COMPLETE FRAUD OF THE ENTIRE WORLD SYSTEM. We just didn't know HOW it worked and the Orderly Fashion that it had to be approached with. And that they were just doing their jobs. And in conclusion your use of the Opposite Day accusation of us spreading FALSE INFORMATION PROVES THAT YOU WORK FOR YOUR MASTERS SO YOU WILL NEVER BE TRUSTED.

"The Law" by your own words was never defined: The Law of Moses? Hammu-Rabi's Code? Talmudic Law? Roman Law? French Law? English Law? Uniform Commercial Code? International Treaty? Common Law? Civil Law? Criminal Law? Contract Law?

These topics fill law libraries which I have spent considerable time in and I know for a fact that NO ONE UNDERSTANDS ANY OF IT. I know for a fact THAT IT IS ALL FALSE TO BEGIN WITH so, to apply our own Opposite Day, the accusation of spreading false information about *The Law* would mean that we were the ONLY ONES TELLING THE TRUTH!

The ONLY Law that I recognize (but as a Nihilist and Scientist maintain that it is only in effect until there is technology revealed to manipulate its anti-function) is that of GRAVITY.

And even that Law when put in the perspective of the name of a rock'n'roll band is not a Kind Mistress either:

GRAVITY KILLS.

Damned nice place to end...very poetic. Sometimes I really like my own writing. But – he had to get nasty...

The next Master Template Overlay is what is called:

Kill the Messenger.

Dr. Carley likes to call this the Linda Blair Effect. Where the information about everything that they had STAKED THEIR LIVES AND LIVIHOODS ON WHEN PROVEN FALSE MAKES THEIR HEAD SPIN, SHOOTING GREEN VOMIT LIKE THE EXORCIST.

There is this thing in Civilized Society called Rational Debate. I obviously do not subscribe to that since the Mud Monkeys on this planet only have to open their mouths to prove that there is no Intelligent Life on Ea-rth. But if we do accept that Premise then it follows that although there can be a heated difference of opinion that civility would proscribe that you don't attack the person with the opposing views.

But Homey ain't civilized. That's OK, neither am I.

PS: By the way, your name is NOT "Dr. Rebecca Carley". Your name is what is on your birth certificate.

Minion Alert!

Lawboy apparently doesn't know that Birth Certificates are Bills of Lading for delivered goods under the UCC. Tsk, Tsk and he had us beLIEving that he had a pair. So, he is trying to induce her into admitting that she is property in lieu of:

Oh yes, if you are so hard on the medical establishment why are you using their title they gave you?

Ah, here we go again. This Master Template Overlay is called:

Playing Both Sides Against the Middle.

First he denigrates her for NOT asserting her Rights and then when **she** (must be a sexist thing) asserts a title THAT SHE FREAKING EARNED then he is again all over her like stink on Monkey Doo, but it is Monkey Doo that came out his own mouth. How do we go from work done to earn a doctorate to something that was 'given'? I suppose if you were some physicians I have known who got loans to go through medical school, graduated and then defaulted on the loans and the government lets you slide then it might qualify as being given to you. 'C's and 'D's get Degrees, I was always told by licensed physicians. And you wonder why American's are dying with healthcare rated in the low 30s next to third world countries.

You still belong to them, even if you don't like it! Your actions deny what you claim. What does that make you?

Diagnosis:

- Deaf. Hasn't heard a word she has said for 13 years.
- I.Q. 3. About the level of a Pet Rock. Petulant as a child.

- Mentally unstable. Won't venture a DSM code since they change those like underwear and all psychological aberrations are considered normal so that they can incarcerate the normal people.

You still *'belong'* to them. Again, property rights under the UCC are at play here and he seems to be giving her the Svengali Mind Meld to make her capitulate to his superior understanding of her own inner character and become the corporate fiction that he said she should be liberated from but never said how. Does your brain feel like a rock in a pop can? How could her actions deny what she claims? She is the Living Proof of what she claims and the PROPER USE OF THE WORD DOCTOR IS PROOF OF WHAT SHE SAYS SHE IS!

Name another Doctor on this entire useless Demon Planet that has worked tirelessly and selflessly to prevent the TOTAL DESTRUCTION OF MANKIND!

I can't. And that is why I call her Doctor Carley out of respect. The same way that I have NO RESERVATIONS WHATSOEVER in bowing to Martial Arts Masters who I know can kill with a touch. I have met no other person on the Planet that deserves the title of Doctor. All of the rest were trained Killers and Thieves. I will not bow to frauds, nor their Master The Devil, since I am possibly the only individual in History that has called for Killing the Devil.

I am proving you wrong regarding your statements about the law in your show. Remember; "prove us wrong"

He has PROVEN nothing except that his husk is the grease between the bricks of the New World Order that is the Same Old Witchcraft. ANYONE who defends the judiciary and the CRIMES and FRAUD that it commits is (at the risk of another hypnotic control word trigger) a Nazi Collaborator.
