

World War III began on March 16, 1798. The first shot was fired by Edward Jenner at John Baker. It killed him. The Princes of the Moon and Sun who you know as the ILU AMON ATYS conspired against Mankind to enslave it with inoculations of Chimeric Pus.

World War I began in 1915 with the release of Pertussis Vaccine. The bacterial poison from Whooping Cough called the Pertussis Toxin is used in laboratories to turn off Neutrophils. White Blood Cells. The Immune System. In 1918 soldiers deployed from the United States into Europe were given a Paratyphus Vaccination. Exposure to Lewisite Gas an Arsenic compound, Phosgene Chlorine Gas.

World War II began well before 1941 when every United States Military man was considered to have at least one Mandatory Tetanus Vaccine. The bacterial poison from Tetanus Toxin increases the growth of viruses.

The First Gulf War began well before 1990 when the bacterial poison from Anthrax was injected into them.

In 1968 the Pentagon spent \$30 Million of your tax dollars to study Witchcraft and Sorcery in Africa and Snake Venoms in the Middle East.

In 1972 the 1972 World Health Organization Bulletin 47, No 2 Memoranda #2 says that the use of Cobra Venom can deplete the Complement system making virus less lethal. In law enforcement it is said there are no coincidences.

All of these separate facts paints a picture outlined in Memoranda #1. Virus infections make Antibody/Antigen complexes. These Circulating Immune Complexes can clog blood vessels or implant in tissue making the body eventually attack itself. Their main focus of study was Kidney Disease. They would take a test animal that either had been bred with immunodeficiency or they used Cancer Chemotherapy to cause immunodeficiency, then they would load the animal up with otherwise LETHAL virus. Since the Cell-Mediated Immunity was suppressed, EVERY cell of the animals' bodies were full of deadly virus but they ran around like nothing was wrong.

All of my life people with Stage 4 cancer have told me: "I was never sick a day in my life." In 1930s pre-Hitler Germany, Enderlein demonstrated with Live Blood Analysis that your immune system can be disabled. You can be infected, you can be full of disease, but you will not feel sick because your body is not fighting it.

The experimenters would then stimulate Cell Mediated Immunity and the animal would die from its own body attacking itself in what was called the Cytokine Storm associated with the 1918 Spanish Flu.

In 1972 Nixon signed a bill entering 1.7 million Americans into the Social Security system allowing for kidney transplants and dialysis. Prior to this God Squads of doctors

would decide who lived or who died because dialysis was not available to everyone as an Entitlement. Typically it was working-aged white men. All others died.

In 1972 work begins on antifertility vaccines.

ALL VACCINES CAUSE SERUM SICKNESS. SERUM SICKNESS CAUSES KIDNEY DISEASE IN EVERYONE.

In 2008 a television show called Fringe stated that the entire planet was being used as an experiment. In Intelligence operations this is called Hiding In Plain Sight.

The reimbursement for dialysis has actually gone down since 1972 yet MULTI-BILLION DOLLAR industries have grown on it. The major providers are in Germany, Austria and Switzerland. The three nations from which the Roman Empire arose. What better way to monitor the progress of your experiment on the entire human population of the World than to create an entire industry around it with centralized reporting such as Medicare and HMOs? What better way to fund it then to have it come from tax dollars which means that you are paying for your own destruction and autopsy.

Baxter is one of the major dialysis providers being charged by Jane Burgermeister of intentional release of a Biological Weapon.

Obama mandated 3 Swine Flu vaccines.

Why 3?

If we understand the pattern from the WHO memos we see that one may be required to turn off the victims' immune system. The next vaccine will be needed to load them up with a deadly organism. The third will turn the immune system back on for the kill.

Even if this scenario was not possible, the current Swine Flu is made with an adjuvant that has Salmonella toxin and Squalene in it. Squalene is guaranteed to cause autoimmunity and eventually death in anyone who takes it. The Government Accountability Office exposed the Department of Defense using Squalene without knowledge or consent on soldiers in 1999.

The WHO Memorandums also talk about Subacute Sclerosing Panencephalitis, Hemorrhagic Fevers and Rabies. These are the focus of my colleagues' studies so I will turn it over to them to complete the picture of the full scope of this Historical and Planetary Crime.
