

Hi Everybody,

Please understand that I get dozens of emails every day that come from people who are doing the hard work. They are grateful for what Dr. Carley and I are doing and they provide extremely valuable contributions to the Big Picture.

For every one person that signs off I get 2-4 more to sign on the same day.

I respect everyone's request to be taken off the list and I have no further contact with them.

This one was in response to our Man In The Sky show on 04/17/2010. Dr. Carley found this to be Hilarious and will be addressing it on the show, so I thought I would share what that small percentage of dissenters truly feel about what we do. Don't let any of this upset you, a well-oiled feather sheds the water off a duck's back.

These are good case-studies for Opposite Day, so I can't resist doing an Armchair Quarterback Post-Game Breakdown.

Are you and Carley government shills in disguise? unbelievable!

That "man in the sky", as you phrase it, doesn't need you.

He still loves and cares for you regardless of your twisted logic. I don't care for you though. Love doesn't have a choice but to do what It is. It is not dual in nature as you assert. There is but ONE. That ONE gave us a free will to choose and I choose to not listen to your twisted thinking anymore.

I feel bad that you were sexually abused at a young age and guess that may have twisted your thinking?

And Carley is daring God to save her son so she can believe. She is impatient.

I don't know what bible or religion you two have been following but I'll really make you mad and pray for you and Carley's twisted uncomprehending minds. From what you have said, doing so will cause you a great amount of mental anguish. You know why?

Your labryinth leads nowhere. Enjoy nowhere for as long as you are able.

Please remove me from your list. Thanks for the entertainment! SNL beware!

OK. Wow. My head is spinning as if I had just heard a John Hagee sermon. There is so much Paradox here my eyes are going all wiggly.

First as to the title: Government Shills. Interesting Opposite Day right out of the Cereal Box. I have been saying quite clearly that Religion AND Politics are the SAME THING and that they are both FRAUDS for the purpose of Govern Mente (To Steer The Mind), so this is like the woman who suspected me of being a Warlock because I called King James a Warlock. Boy, am I glad we don't live in the 1200s.

The Man In the Sky doesn't NEED me.

Does he have a name? I found 72 in the Qaballah and would really like to know the Secret Names. Are you buddies with a Baal Shem Master of the Secret Names?

Needs and Wants are actually one of the most important discriminators that I use in my daily life. Needs: Air, Water, Sleep, Shelter, Sex (yeah right – whoever included *that* one wasn't keeping it real).

Wants: We've already got a rub. Old Buddha said that DESIRE was the CAUSE OF SUFFERING. If we go beyond that to Black Magick then we see that the FIRST thing that you do after you summon a Demon is to tell it what you WANT.

Never been big on satisfying Wants when my NEEDS have not been met for decades.

OK. So, MITS doesn't Need me.

Then why the next sentence: *He still loves and cares for me...?*

Paradox.

Wouldn't you NEED someone that you love? Do you Need a Hooker and Want a Wife?

Twisted Logic. To Recap: God (the Loving All-Powerful God) has KILLED BILLIONS OF HU-MANS because of this Sin-Thing and even whacked his own Son, as part of a REQUIREMENT for Blood Sacrifice as part of Worship. And I've got twisted logic. Well, as Johnny Carson said, *"If you buy the Premise – you buy The Bit."*

Is it twisted logic to ask why the sacrifice of Billions of Hu-man lives and the sacrifice of an Only Son when you just could have killed/destroyed/annihilated your Prize Creation: Lucifer/The Devil/Hasatan and been done with the whole damn Video Game from The Beginning?

AM I REALLY THE **ONLY** PERSON ON THE WHOLE DAMNED PLANET THAT HAS EVER ASKED WHY GOD **NEVER** KILLED THE DEVIL?

The correspondent doesn't care for me, though.

Where's the *Love Your Neighbor? Turn the other cheek? Suffer The Children?* and all of that other self-flagellation that makes you suck it up from Evil and The Devil and ask: *Please, Sir, may I have another?* But me – well, chuck me into the Lake of Fire and dust off your hands.

“Love doesn't have a choice but to do what It is.”

Well, again, we must in all Scientific Endeavors start with Taxonomy.

What is: Love?

Ask 10 people get 10 answers. Not a good start. My position has always been that here in Opposite Day on Demon Planet NO ONE HAS EVER KNOWN WHAT GOOD OR LOVE IS because Respite from Evil is only Neutral/Zero it is NOT the antithesis or Good. And not have a choice? I thought that was the ENTIRE premise for having a Devil and Evil in the first place – to provide Free Will and Free Choice so that God does not have Robots forced to do Good and Loving things all the time against their Will? Man, am I confused. This Christian Paradox thing must really require a Seminary Degree to figure out. Kinda like a U.C.C. contract with fine print.

“It is not dual in nature as you assert.”

Making declarative statements no matter how forcefully presented does not make them so. Where is the testable hypothesis? *God is Love. You're a Sinner – I will Kill you. Kill some animal as a sacrifice to show me that you love me. Not good enough – Kill my Son. You will die anyway, but you can come live with me after the suffering is over.*

The correspondent may be right...there is NO duality there – it is just a contract for Blood Sacrifice from beginning to end.

“There is but ONE.”

Coke? Pepsi? Kinda lost here, can anybody help me out? Was this a reference to Neo in The Matrix: The One? Again, declarative statement very forcefully spiritual but no substance, no debatable point, no outside reference. Monism and particularly Patriarchal Monism dominated the Abramic Traditions to subtly replace the True Power behind the scenes of the Other Half (as they say) of the Androgyne Pair that we find in the Yahweh and His Asherah (its in the Bible look it up numbskull) and ALL of the Mesopotamian Deity structures from which the Abramic Traditions plagiarized their stuff. The God/Goddess; Demon/Demoness pairing was as common as sand in the desert to ALL of these traditions, so when is the last time you cracked open a book OTHER than the one you keep quoting as if Gödel's Theorem can be violated at Will: You CAN'T define a System by Itself.

“That ONE gave us a free will to choose and I choose to not listen to your twisted thinking anymore.”

After 30 years of listening to Judaic-Christian Apologetics it seems that The One gave you A DEVIL that was the basis for your Free Will and Free Choice...so are God and The Devil: ONE in the same?

But the writer really did **get** it.

They chose not to listen. I can respect that. Exercising Free Will and Free Choice. In fact you can do anything you want just as long as you don't hurt anybody (Anglo Saxon Common Law). While you are out flexing those abilities were you planning on doing something about those 800,000 kids that go missing in America EVERY YEAR?

“I feel bad that you were sexually abused at a young age and guess that may have twisted your thinking?”

Again: Wow! as in: Where the Hell did THAT come from? I have never stated that I was sexually abused as a child so is this how Christians Create History from Thin Air? In the Beginning was the Word, and the Word was Wrong and it came from a dumbass?

Perhaps the dude isn't a Christian after all? Aren't they supposed to be allergic to lying?

Can you burn in Hell for lying?

Damn! What a Time to be a Nihilist. Wish I COULD BELIEVE in a **Lake of Fire** to take care of my detractors! It's enough to make you want to convert! (just kidding)

“And Carley is daring God to save her son so she can believe. She is impatient.”

So this is an autopsy on Opposite Day. I will eviscerate the subject to lay out the Pathology so that it is unmistakable:

DOCTOR Carley is the ONE who taught US that there is a LIE in the middle of beLIEf. Epicurus still has not been answered:

Is god willing to prevent Evil but not able?
Then he is not omnipotent.

Is he able but not willing?
Then he is Malevolent.

Is god both able and willing –
then whence cometh Evil?

Is he neither able nor willing –
THEN WHY CALL HIM GOD?

This is not a Dare. This is not a Game. If your Imaginary Man In The Sky is not able and not willing then IT simply does not have what it takes to be The ONE. Boolean Logic.

Impatient.

You sound like the kind of guy that would encourage your victims in Abu Ghraib to make it through the DAILY WATERBOARDING sessions because on Wednesdays they serve Cheese Sandwiches.

What The HELL? That is just Pure Insanity. Keep Suffering. Buy in to The Premise that your child has to keep Suffering for a HIGHER PURPOSE. (Sounds like Sadistic Voyeurism to me.) Everything is going to be alright. In the Future. Maybe when you're dead. Maybe in the Afterlife – but ONLY if you beLIEve in something that has given no concrete evidence of existence or benevolence. The only *impatience* here is with committable-sociopaths that would inflict continuous torture on their fellowman '*for their own good*', for, you see, if the Imaginary Man In The Sky doesn't exist, then the sentence to a life of torture came from the being and person of the mouth that spoke it.

"I don't know what bible or religion you two have been following but I'll really make you mad and pray for you and Carley's twisted uncomprehending minds. From what you have said, doing so will cause you a great amount of mental anguish†."*

"I don't know..." is what I describe as The Beginning of Science and Inquiry. But when the Village Idiot uses this phrase it is always a deferral to their mental retardation. YOU MUST know that I have established unequivocally that YOUR religion and all others on this planet began with the Vampyre Cults of Sumeria at least 6000 years ago.

Perhaps the reason why they call them: Christian Soldiers and Prayer Warriors is because they use their incantations as unwelcome assaults on their chosen enemies. I do not suffer mental anguish since I live in a World of Pure Logic. I do have serious concerns about people who have NO IDEA what the origins of their Chosen Blood Cult truly are then maliciously threaten to focus whatever Occult Energies they can conjure for the EXPRESS AND STATED PURPOSE OF MIND CONTROL* AND MENTAL ANGUISH†.

I have no FEAR because I have invested my time to study the Ancient Ways of self-defense, the methods of Warding Evil, and the Modern Methods of Electronic Harassment Countermeasures. I still insist that Morons do not focus their Prayer Weapons at us because they have no idea what it might do to Maxwellian 5-Dimensional Fields.

Here's a thought, Moron: Why have you NEVER prayed for the Death of The Devil and Evil?

We already know the answer to that.

“Your labyrinth leads nowhere. Enjoy nowhere for as long as you are able.”

Scientific Postulates demand Experimental Proofs.

Never in the History of Mankind, and I will humbly defer should it prove otherwise, has anyone ever called for the Total Annihilation of The Devil. That the Hu-Man race has been trapped in a Labyrinth for 6000 years is not contested. That there is Clear Purpose and a possible Solution for the first time WITHOUT the aid of Religion that ONLY facilitates a Victim State is a destination and goal that will lead to the Freedom that the Protocols of Sion say are a Fabrication.

Freedom IS Free.

Try that for Opposite Day.
