

## The Other Shoe Drops...Dead

The final email on the second page below is from the woman who says she does not understand Opposite Day, when she wrote earlier:

*How could a bisexual (she says homosexual, because she can't wrap her mind around new data that was not programmed into her), Warlock write a Bible (King James didn't write the bible, he commissioned it) that has so many commandments against homosexuality and Witchcraft?*

Yet, by simply opening up the questions from the literature that Jimmy was a bisexual Warlock, that automatically kicked in the programming to enable Opposite Day and she starts suspecting that I am a Warlock. Praise Pavlov for the Conditioned Response! What is actually more insidious is the insight from people like Fritz Springmeier who says there are triggers that cause people to re-condition themselves.

The biblical Satire email I forwarded was a curiosity to her but there are pre-fabricated answers within the religious community to explain away EVERYTHING with the stock answer being:

That was THEN, this is NOW. The simplification of the NEW Covenant with god, meaning the OLD CONTRACT had flaws (unerring god at work) and had to be revoked and replaced.

I guess she met the challenge to open the links at her own risk that suggest that perhaps Jehovah (YHVH) may have been hanging out on the side of town where it is hard to tell the boys from the girls. Darrel Conder used 'Scripture' to make his points. I had never gone as far as Darrel and was quite surprised by his conclusions but you do have an entrée when you consider that ALL believers are called The Bride of Christ.

But the shock of coming head-to-head with Opposite Day and realizing that you are party to one of the BIGGEST Paradoxical Psychological Manipulations on the face of the planet:

- God is Love, now kill something for me or I will kill you...
- The Devil is bad, now you kill my son for your sins...
- Jesus will come back and reign for a thousand years – and then I'll let the Devil out again...

really does mess with the head. Because it is rooted in Paradox, there is no foundation on which to rebuild so, instead of starting at the Balance Point of Zero, they typically jump into NEGATIVE INTEGERS to try to Frame a Reference. This pattern then is what she sent to me as a final message. Yes, some people do unsubscribe, and then, sometimes I unsubscribe them...

Her message:

"I do see the humor in that but a lot of the old testament is not for us today. Any thing God hated in the old testament, he still hates today. God doesn't measure sin like us Humans do because to him sin is sin. One is not worse than the other. We think so but to him sin is sin. Slavery , sacrificing animals, woman's periods, keeping the Sabbath, what type of material you wear for clothing, abstaining from unclean meats, selling your children as slaves, Planting different crops in one field, the trimming of your hair a certain way, stoning sinners, etc.,---most of that is not a law to us today. I got your email on God being a homosexual and if you and who believes that are wrong, you are in some serious trouble with God. I do plan to read the scriptures I saw and check it out further but at this present time I find that anyone saying that about him is a very serious matter and repulsive. If a person doesn't have to give an account to God why bother worrying about your health. Just die and get your miserable life over since you feel you don't go anywhere after death for an eternity and who care where the worlds goes worse? What's the point? Who are you saving the world for? May as well live for the Devil and be a witch and enjoy the pleasures of sin while your on this earth."

Breathtaking – isn't it?

Let us Prey...

As I said: That was THEN this is NOW is the opening defense. This, by default, shows that there was something WRONG with the first contract. How could an unerring god make a mistake?

But...we have her personal assurance in writing, so she must have some kind of insider knowledge by which to authenticate: that God STILL hates the same old sins, so, although things have changed – nothing has changed.

Isn't that a paradox?

Anyway...

We go on to what is Dr. Carley's favorite Talmudic Assertion. That ALL sin is equal value. So, stealing a piece of bubble gum is EQUAL to Alois Schickelgruber's Death Camps (can't say his 'real' name since Fritz said it is a hypnotic control word. But isn't **that** funny because Alois IS HIS REAL NAME...). Paradox.

And then the laundry list of 'sins' that led to true Talmudic Termination in the Olden Days is not Law to us today...

Why is that?

Seems to me that for the past few Billion or so years Gravity has been in effect, so why shouldn't stoning your neighbor for touching a girl with a menstrual flow still be in effect? Well, I touched on it briefly in my book, that my insight into Tractate Niddah was the mortal fear of menstrual blood was because if you were tagged with it when you

were summoning Demons, then it was the equivalent of having a cut in an ocean full of sharks.

Now, if Darrel (and me by association) are wrong about our conclusions then we are in serious trouble with The Big Guy.

Wait until your Father comes home...

Well, daddy has been AWOL for several millennia. His Draconian (no pun intended) tactics are actually INDISTINGUISHABLE from those attributed to his Evil counterpart, so it really begs the question of just what the threat to us and our 'bad behavior' is since we are living on Demon Planet anyway?

There is one point that I agree with her on that the stuff being said about god IS REPULSIVE. If she studies her bible and finds it to be true, then will it be repulsive to her as just content or as it reflects the CHARACTER in question? People tend to separate the Torah and Talmud but that is just another divide and conquer scheme. If there are minor discrepancies on just what age you can bugger a child and get away with it, coming from the rich religious tradition that your sanitized, homogenized bible came from then just what part is repulsive? That people are talking about what was left to only to Rabbis to discuss under Pain of Death? or, that these degenerates are actually doing it?

Just how do you come to grips that you have adopted a Foreign Religion whose main tenant is Child Sacrifice?

But folks, as they say, she saved the Best for Last:

If a person doesn't have to give an account to God why bother worrying about your health.

No interrogative question mark after the sentence means that it was a statement. Well, let's see. The freak animals that worship a creature that DEMANDS blood sacrifice; allows for the bugging of kids; and sows disease and discord like grass seed CAUSED ALL OF THE SUFFERING IN THE WORLD, so the IMMEDIACY of LIVING in such a festering cesspool of suffering and pain would cause anyone with a partially functioning Grey Cell to bother about their HEALTH!

You see, the argument here is always predicated on their assertion that they are Right. Since, they think:

a) Their bodies are disposable and that they will get new ones when the Video Game In The Sky Resets, that everything will be OK in the Next Life.

b) You're going to burn anyway you Damned Sinner so what are you worrying about a body wracked with Bone Cancer and Kidney Failure for when you're going to Burn Forever?

c) If there is no Afterlife then why are you worried about your health? NO, you see, that doesn't work either – because if you really do only go 'round once, then any reasonable person with half a Grey Cell WOULD want it to be a Quality Pain-Free existence. Can

you see the Paradoxical Pathology that would lead someone to think that this was not a significant aspiration in Life? That is damaged goods, folks.

Just die and get your miserable life over since you feel you don't go anywhere after death for an eternity and who care where the worlds goes worse?

### **AND NOW THE OTHER SHOE DROPS!**

When you consider my earlier paper: *Go To Hell!* and understand and internalize that those who are telling you that you are going to Hell have no proof whatsoever of what their Imaginary Friend is telling them, so, by default, it is the Person Themselves who are telling you to go to Hell, then we can apply this to the sentence above:

In the words of one of my favorite movies: Vampires, by John Carpenter:

“Why won’t you just \$^&%ing DIE!”

There is SO MUCH FRUSTRATION in these Christians that the world REALLY IS NOT as promised, that they have no control over their Lives, World Events, or the Well-Being of their Fellow Man, that when a Push of the Mind comes to a Physical Shove it results in that Shove being that of dispatching the fellow-man with the Mirror Of Truth off the damned cliff.

### **THIS IS NOT A QUESTION EVEN THOUGH THERE WAS AN INTERROGATIVE AT THE END!**

“JUST DIE...” is a command.

The response to the possibility that THEIR life may have been a Total Fraud is to Kill The Messenger. Again, WHO made such a person (I imagine she is referring to me) so completely miserable in the first place? Oh, yeah, it was the Lilith Cult that is the ONLY religion on the planet since ALL of them are Blood Sacrifice Cults and their ONLY purpose is suffering, death and destruction. And because of the lack of evidence in a Used Car Dealer Promise of Eternity (to be spent with said: mold-infected, bi-polar, psychopathic entities) that it would be in the best interest of the sufferer to just SNUFF THEMSELVES.

*“We don’t Kill our Enemies – we get our Enemies to Kill Each Other.”* Beneath The Planet of the Apes.

So, as a recap – *Because the Blood Cult that I bought into, has so destroyed the planet, and your health and given you no hope for the future – you should kill yourself and just get it over with.*

Yup. I think I have it.

You see, folks, I have been dealing with this Brain Feces for 30 years. Her response and sentiment are NOTHING NEW. It is just a concise package of Doo Doo that I can do an autopsy on to show you the horror of it all.

These are the thoughts of a SELF-PROCLAIMED CHRISTIAN!

*God is Love.*

*Hate the Sin – Love the Sinner.*

*Now go kill yourself, you offend my sensibilities.*

But she ain't done yet. No, sportsfans, the Fat Lady hasn't sung.

"...and who care where the worlds goes worse?"

What's the point? Who are you saving the world for?

Well, after being on my list for almost a year, she hasn't read my book.

I have stated categorically in print and on the air, I am NOT an altruist. I am not here to save the world, or be a savior or to even make it better. I was ATTACKED. WAR was waged on Mankind for at least 6000 years. My ONLY purpose is to make them PAY.

There is an old saying in Martial Arts: *"Ten years is not a long time to wait for Revenge."*

May as well live for the Devil and be a witch and enjoy the pleasures of sin while your on this earth.

Wow. I mean: Wow.

Doesn't it just take your breath away?

I could be the only person in the History of Mankind that has called for the Death of the Devil and in TRUE Opposite Day form I have a directive from a Christian, in a *I'm-taking-my-basketball-and-going-home* tantrum telling me to GIVE UP, GIVE IN and actually become a Slave of the very thing I PUBLICLY have called for the extermination of down to the very Quarks which should be disintegrated so that NO RESONANCE WHATSOEVER CAN RE-ASSEMBLE THEM AGAIN.

My Dear and valued Readers:

The Janissary were children who were conscripted, kidnapped, given or sold to the Muslims to be indoctrinated in Islam and were CONDITIONED to fight to the death for the Calif. I have, just like Darrel Conder, considered Christians as Janissary, a force that is a steerable weapon. When we consider the gift of the writings of the woman above, and I do consider them a gift, then we can see the patterns. First, you should know that in Martial Arts whenever an opponent strikes with a limb, they are extending a tool that you can now use against them. This is why nearly all Martial Arts are DEFENSIVE. The Martial Artist does not aggress, they act only when attacked.

Now when we see that MERE WORDS can evoke a CONDITIONED RESPONSE in someone who puts on all of the outward signs of being a righteous and caring person to suggest to another person who Challenges (NWO hypnotic control word) their beLIEfs to Self-Destruct, then we are left with several tools/gifts.

- a) Words do indeed have power.
- b) Religion is dangerous as Hell.
- c) The ONLY answer to a LOGIC conflict in religion is the DEATH of the questioner.
- d) Dan McCarthy's most excellent insight: You cannot debate EVIL.
- e) By their Fruits shall they be made known.

The Conquistadors were raping, pillaging and plundering Meso-America in the Name of God. They had a Native Chief tied to the stake to be burnt alive. He was given one last chance to confess that theirs was the ONLY religion and ONLY way to Heaven. The chief asked, "This Heaven – this is where your God is?"

"Yes."

"And when You die, this is where you are going?"

"Yes."

"Then I don't want to be there."
