

Why is YOUR Suffering Better than anyone else's?

This is NOT an uncommon default position.

Now, we can only assume that people that protect The Devil and defend its Creator are Religious because they SAY SO.

When I heard the Title Question, I was speechless. It begs the question of how Religious people can be so intentionally harmful to fellow inhabitants? You get a sense that this is a tantrum of KILL THE MESSENGER!

IF the foundation for Evil is destroyed with The Devil and IF the creation of The Devil was by God, (confronting that your Benefactor is also your Torturer) AND you wake up to find yourself in Opposite Day on Demon Planet then it is the DEFAULT position to lash out at your fellow Inmates from a sense of **impotence** at focusing your rage, and destructive force on What Imprisoned You. These were studies that were conducted in the Laboratory that I spoke of in The Biology of Aggression series.

Isn't it amazing that within one hour, Dr. Carley went from SAINT Rebecca to a "*Whining, Bitching, Complainer*"?

That, folks, is **Opposite Day**.

The conversation-stopping question of:

Is your son better/more important than God's Son?

is also an astounding ASSAULT on someone who has been injured by everything this Demon Planet has to offer. Of course, I answered this 6000 year-old PsyOps indoctrination by showing that Judaism, Islam, Christianity and Satanism are FOUNDED on Child Sacrifice, so, if this is the highest honor that you can perform for your god, then why should anyone complain about their duty? Of course, the reason is: that if you are willing to kill your own child there is NOTHING that you WOULDN'T DO!

Fraudulent Contract. Do not accept the Terms.

But, again, how HATEFUL someone has to be that instead of meeting the Issue of The Day head-on and confronting the topic of killing the Devil the DEFLECTION was to posit an abusive, spurious argument? God KILLED his own Son to make up for his Prize Creation's rebellion. Read that again: You missed it. God did not kill his own son! He had it done by PROXY through the agency of Man. You see, if you argue Fiction and don't pay attention to the details you get caught up in the Fiction and the actually text of the fiction no longer matters.

So, let us examine this Fiction that was played out today:

No Evidence that would hold up in a real court was offered for:

- The existence of God.
- The justification of The Devil being allowed to exist.

Because these two criteria were NOT MET that means BY DEFAULT that the views, opinions and 'facts' entered were SIMPLY THE OPINIONS OF THE PEOPLE SPEAKING. Their Imaginary Friends never showed up. There was no corporeal presence that substantiated its own physical or 'Spirit' existence. In fact, no one could DEFINE a Spirit and when pressed, the topic shifted from the definition of a Being that speaks to a person to an IDEAL of camaraderie. So, if Evil/The Devil is not an Unholy Spirit then it is a spirit of bad thought? Can you kill a bad thought?

The Buddha would say that you could.

It is called: The Beginner's Mind. In meditation, you are to clear you mind of all thought. If a bad thought invades like a Monkey chattering in the trees you put the monkey on the back of a Horse and make your mind do the slow and plodding work of Meditation and BEGIN AGAIN. If the Horse starts to gallop off with the MONKEY ON ITS BACK (bet you didn't know that was a Buddhist phrase) then you reign in the Horse and get back to the job at hand.

You DON'T WALLOW IN YOUR SIN AND EVIL THOUGHTS FEELING SORRY FOR YOURSELF AND HOPE THAT SOMEONE WILL MAKE IT RIGHT FOR YOU IN THE AFTERLIFE. You STOP the Evil thought NOW and make your actions, intentions, thoughts and work Right in the Present.

What a bunch of Mental Pansies.

The Pattern that emerges is that when Religion of any kind is threatened the response is to eliminate the threat. This was clear from the Heretic Trials of 1100 to the Inquisition and Witchcraft Trials of 1200-1880s. It is a trick of the ILU AMON ATYS to get you to kill your own kind under the threat of a Spectre (Shadow of Doubt) than to focus your attention on your true Captors, Torturers and Killers. There is no rational debate as you can see that no EVIDENCE WHATSOEVER was presented. That never stopped them from whacking people for 700 years why should it be different now?

The question was also posed: *How do YOU KNOW that God knows EVERYTHING?*

Well, **number one:** You NEVER ANSWERED A SINGLE QUESTION PUT TO YOU. **Number two:** We don't answer to you. **Number three:** This is doctrine/dogma that is beat into the Mud Pellets of the Religious. **Number four:** If he/she/it DOESN'T KNOW EVERYTHING – THEY WHY CALL IT GOD?

Does this mean that God can get off Scot Free if he pleads Ignorance?

*I didn't KNOW that the Devil was going to go bad!
The Devil invented Evil on his own!*

Which of course, is inconsistent with a previous caller who basically said that EVIL was there BEFORE GOD!

Isn't there something in the corrupt courts Down Here that says that Ignorance of the Law is not a defense?

But, what the Hell. It's Opposite Day. I guess if you are god you can make and break any rules that you want. (Still having trouble with god not knowing everything. Must have been busy. Maybe he needs call-waiting?)

And as for the question of suffering being a Test of Fealty – when is the last time you joined a Street Gang and allowed its members to beat the crap out of you so that you could show your loyalty to the Boys in the Hood? What's the difference?

What loving parents would invite a Serial Killer, Rapist, Conman into their house and then leave their children alone JUST TO SEE WHAT WOULD HAPPEN?

This question is the Modern Equivalent of Epicurus. It is Unanswerable. Not because the answer exists that: only a Psychopathic Monsters would do such a thing, but IF you answer the question properly you are left with Psychopathic Monsters for Parents.

Time to grow up and emancipate yourself from the contract that you chose.
