

## What's Ailing America?

AMERICANS KEEP WAVING THEIR FLAGS AS THEY ARE GENOCIDED AND ENSLAVED

Rebecca Carley, MD

[www.reversingvaccineinduceddiseases.com](http://www.reversingvaccineinduceddiseases.com)

Here we are; another 4<sup>th</sup> of July “celebration” on the horizon. The brain dead sheeple will be barbecuing their vaccinated, cloned meat fed with GMO food, continuing the mutation of their DNA and the destruction of their health while watching fireworks to commemorate...what?

### ***House Passes 2014 NDAA; NSA Surveillance Will Lead to Indefinite Detention:***

<http://www.thenewamerican.com/usnews/congress/item/15829-house-passes-14-ndaa-nsa-surveillance-will-lead-to-indefinite-detention>

“The Fiscal Year 2013 NDAA retained the indefinite detention provisions, as well as the section permitting prisoners to be transferred from civilian jurisdiction to the custody of the military. “The frightening thing here is that the government is claiming the power under the Afghanistan authorization for use of military force as a justification for entering American homes to grab people, indefinitely detain them and not give them a charge or trial.” Representative Amash said during House debate last year. In his impassioned speech supporting the amendment he proposed last year, Representative Smith reminded his colleagues that the NDAA granted to the president “extraordinary” powers and divested the American people of key civil liberties, as well as divesting civilian courts of their constitutional jurisdiction.

The more things change, the more they stay the same. Members of Congress — mostly Republican members — have united in firm defense of the president’s unconstitutional power to apprehend and indefinitely detain Americans.

Finally, there is in the NDAA for 2014, a frightening fusion of the federal government’s constant surveillance of innocent Americans and the assistance it will give to justifying the indefinite detention of anyone labeled an “enemy of the [traitorous] regime”. [Section 1061 of the 2014 NDAA](#) approved by the House expands on the scope of surveillance established by the Patriot Act and the AUMF. Sec. 1061(a) authorizes the secretary of Defense to “establish a center to be known as the ‘Conflict Records Research Center.’” According to the current text of the NDAA, the center would be tasked with compiling a “digital research database including translations and to facilitate research and analysis of records captured from countries, organizations, and individuals, now or once hostile to the United States.”

So, while the people in Egypt take to the streets in the hundreds of thousands to send their dictator a message that they are firing him, the sheeple in the US will be waving their flags. It is inconceivable to think that every one of these flag wavers doesn’t KNOW that their “representatives” in all branches of the government are committing treason against the people every day. Of course, based on the unprecedented attacks on whistleblowers coming forward to expose what their tax dollars are really paying for, the flag waving cowards beLIEve that as long as they “go along to get along” and lick the boots of the traitors destroying our country, they will be left alone (even though they are being genocided every day with poison food, water, air, personal care products, tattoos, poison perfume, medicine, etc., etc...things I have been covering in this newsletter for over a year). Instead of being concerned about their own destruction at the hands of their public “servants”, the sheeple are more likely to be concerned about whether their teeth are white, whether they have fine lines and wrinkles, belly fat,

whatever. I know I am preaching to the choir here, but it seems as though the worse things get, the more people are paralyzed with fear and choose to put their heads back in the sand. If any of you have found an effective way to wake up your friends and family, please do let me know what you have found to be effective (my e-mail is [drcarley@gmail.com](mailto:drcarley@gmail.com)). The contributors to this newsletter are dedicated to giving our readers solutions when possible; but if we have any hope to actually change things, the psychopaths who control the world have to be stopped. When you realize as I have that we are already dead if we do nothing, it makes it much easier to grow a backbone and stand up against these psychopaths.

As I always say, unfortunately I will never run out of answers to the question “What’s Ailing America?”. What amazes me is how bad things are getting here in the states as compared to the rest of the world. **You may remember the recent horsemeat scandal in Europe:** <http://gawker.com/5985330/are-you-eating-horse-europes-growing-horsemeat-scandal-explained> . In this report it is stated that “there aren’t any legal horse slaughterhouses in the U.S.; in fact, slaughtering horses for meat was rendered de facto illegal between 2007 and 2011”. Guess what the psychopaths have now done? **“USDA approves horse slaughterhouse to produce meat for human consumption”:** [http://www.naturalnews.com/040995\\_horse\\_meat\\_slaughterhouses\\_USDA\\_approval.html](http://www.naturalnews.com/040995_horse_meat_slaughterhouses_USDA_approval.html)

“While horse meat can’t legally be sold in the USA for human consumption, it can be used in pet food. It may also turn up in the U.S. food supply despite its legal status because it can be sold to Mexico for human consumption, then re-labeled and shipped back into the USA for use as a low-cost meat filler.”

Of course, since the public “servants” in the senate have voted NOT to label GMO foods so we know what is in our food ([http://www.naturalnews.com/040523\\_monsanto\\_71\\_farm\\_bill\\_senators.html](http://www.naturalnews.com/040523_monsanto_71_farm_bill_senators.html) ), we can see where this is going. If we are not already doing so, soon we will be eating Flicka which, as a horse lover, I find absolutely disgusting.

Lastly, as I am constantly monitoring the “scientific” literature, I came across the most amazing disinfo article entitled “The Clinician’s Guide to the Anti-Vaccinationists’ Galaxy” published by the Mayo Clinic Vaccine Research group. You will have to pay \$31 to download the actual article; however, fortunately this has been covered in an article from Vac Truth; check out <http://vactruth.com/2012/05/01/merck-influence-doctor> . This is an absolutely STUNNING example of the corruption and fraud going on in the “scientific” literature. Below are the **Disclosures at the end of the article:**

Dr. Poland is the chair of a Safety Evaluation Committee for investigational vaccine trials being conducted by Merck Research Laboratories. Dr. Poland offers consultative advice on new vaccine development to Merck & Co., Inc., Avianax, Theraclone Sciences (formally Spaltudaq Corporation), MedImmune LLC, Liquidia Technologies, Inc., Emergent BioSolutions, Novavax, Dynavax, EMD Serono, Inc., Novartis Vaccines and Therapeutics and PAXVAX, Inc.

Dr. Jacobson is a member of a safety review committee for a post-licensure study funded by Merck & Co. concerning the safety of a human papillomavirus vaccine. He is also a member of a data monitoring committee for an investigational vaccine trial funded

by Merck & Co. He also serves as a principal investigator for two studies, including one funded by Novartis International for its licensed meningococcal conjugate vaccine and one funded by Pfizer, Inc. for its licensed pneumococcal conjugate vaccine.

Can you spell CONFLICT OF INTEREST?

There are too many lies in this article for me to address them all in this newsletter. What I will say is that this is proof positive as to how desperate the vaccine promoting psychopaths have become. How I wish I could get one of these minions to debate me...however, I know that will ever happen.

SILENCE IS CONSENT - PLEASE SPREAD THE WORD....

In closing, I must comment on the 19 firefighters who lost their lives in the most painful way I could ever imagine...being trapped in the massive fire in Arizona trying to save the homes of their neighbors. THESE are the true heroes in this country; not the military fighting the fake wars for the psychopaths, not the cops who are tasing grandmas. When I was an ER attending at Kings County Hospital in Brooklyn (the biggest trauma center in the US), I treated many firefighters. Whereas cops would try to get notes to be out of work for sprained fingers or other minor injuries, the firefighters would leave the hospital after being treated for smoke inhalation or minor burns, and go right back to the fire to help their comrades. THAT is bravery, that is courage. Those are REAL MEN. Please help their families if you can...
