

What's Ailing America?

DENIAL OF REALITY DESPITE OBSERVATION OF TRUTH

First of all, I want to commend fellow contributor to the American Survival Newsletter, Alfred Adask, for the outstanding article he wrote last week regarding the history of our fiat currency. If you have not yet read it, I strongly suggest you do and share it with others. (His articles are in part 1 of the newsletter). He brings it all together...including how the fake wars were used as a warning to any oil producing nation that if they dared to sell their crude for anything other than "petro dollars" (US dollars backed by crude oil), the US military would be sent in to subject that country to "shock and awe". Men and women in the military need to learn the truth about who they are "serving"; of course, there are many levels to the corruption and fraud involved in these fake wars, including the protection of the poppy growers in Afghanistan so that opium can continue to be supplied to Big Pharma for use in creating killer "pain drugs" being prescribed by the white coat drug pushers that are killing many more people than "street drugs". .

As I am writing this, I am watching the show "The Doctors", which is even worse than the Wizard of Oz show in terms of disinforming the public. On today's show, they featured the topic of alopecia (hair loss). They featured a hair model who was diagnosed with alopecia areata after all of her hair fell out; an autoimmune disease where hair follicles are attacked by antibodies. The doctors stated that "there is no known cause or cure"; the only thing the white coats suggested was steroids (which have massive side effects, and of course did NOTHING). They also had as a guest Giggy the dog, who was diagnosed with "Alopecia X" (a disease name invented for dogs who have canine hair loss). In reality, this autoimmune disease is but another vaccine induced disease; and clients with this condition who have gone through my protocol have reversed their condition. Steroids are always given for autoimmune disease, so these exogenous steroids also have to be detoxed, as well as addressing damage to the adrenal glands which occur when steroids are taken. I received a call from a woman yesterday who has been taking steroids for 20 years; she now has cataracts, osteoporosis, and can barely breathe (note the steroids were prescribed for her autoimmune lung disease). It never ceases to amaze me how people keep doing what the white coats tell them to do, even though they continue to get sicker every day. Of course, this toxic big pharma "treatment" is the only thing covered by insurance.

Here is some chilling news for anyone charged with a crime where DNA evidence is used against them; mad scientists in Israel have discovered that DNA evidence can be fabricated: <http://www.vosizneias.com/36848/2009/08/17/tel-aviv-israeli-scientists-discover-dna-evidence-can-be-fabricated> . "Tel Aviv - Scientists in Israel have demonstrated that it is possible to fabricate DNA evidence, undermining the credibility of what has been considered the gold standard of proof in criminal cases. The scientists fabricated blood and saliva samples containing DNA from a person other than the donor of the blood and saliva. They also showed that if they had access to a DNA profile in a database, they could construct a sample of DNA to match that profile without obtaining any tissue from that person. "You can just engineer a crime scene," said Dan Frumkin, lead author of the paper, which has been published online by the journal Forensic Science International: Genetics. **"Any biology undergraduate could perform this."**

As has been so well documented in the book “Vaccinations, Social Violence and Criminality” by Dr Harris Coulter, vaccine damage to the part of the brain that controls behavior often results in making a child violent (which is the main reason we have so many bullies in schools; add some violent video games, and you have created a potential teenage killer). It is well known that one of the main characteristics of homeschooled children is that the parents have done their homework on bioweapon vaccines, and do not vaccinate. So, it is not surprising (here in hell) that government psychological operations are now portraying homeschoolers as TERRORISTS: http://www.jeffpolachek.com/blog/376-gov-t-psychological-operation-portrays-homeschoolers-as-terrorists?utm_source=MadMimi&utm_medium=email&utm_content=Gov%27t+Psychological+Operation+Portrays+Homeschoolers+as+Terrorists&utm_campaign=20140304_m119429671_Gov%27t+Psychological+Operation+Portrays+Homeschoolers+as+Terrorists&utm_term=http_3A_2F_2Fwww_jeffpolachek_com_2Fblog_2F376-gov-t-psychological-operation-portrays-homeschoolers-as-terrorists

Sociopath/Obama czar Cass Sunstein on government lying & spying:

<http://www.brasschecktv.com/videos/bad-guys-1/tracking-down-the-bad-guys-.html> . Right in your face... A TYRANT WILL ALWAYS FIND A PRETEXT FOR HIS TYRANNY....

Over the 17 years I have been teaching people how to reverse vaccine induced diseases, I have heard from hundreds of parents whose young children have had heart attacks or strokes. There are many ways that vaccines cause disease (which will be explained in my book on bioweapon vaccines), but in the case of heart attacks and strokes, the antibodies produced when viruses are inoculated combine with those antigens forming a complex which then clogs off vessels leading to heart attacks and strokes. In one of the most amazing examples of research fraud I have ever seen, researchers at the San Francisco Medical Center found an increase in pediatric stroke among children that did NOT have routine vaccinations: <http://vaccinewsdaily.com/news/329890-new-study-links-lack-of-immunization-to-risk-of-pediatric-stroke>

If you have any loved ones who still don't get that vaccines cause disease, a very important link you should send them is the following:

http://vaccinewsdaily.com/medical_countermeasures/329969-five-children-in-california-contract-polio-like-illness The article states that “All of the children were previously vaccinated against (i.e., INOCULATED WITH) polio, a contagious disease that sometimes causes paralysis.” So after inoculation with polio, they developed a “mysterious polio like syndrome”. As expected, the self evident observation that the inoculation caused the paralysis is totally ignored. This is OBVIOUS scientific fraud.

A very important article about killer vaccines can be found at:

<http://healthimpactnews.com/2014/censored-in-u-s-media-killer-vaccines-exposed-in-india-and-around-the-world> . At the end of that article, there can be found the following link reporting the fact that the polio vaccine CAUSED 53,000 paralysis victims in India last year: <http://healthimpactnews.com/2014/the-vaccine-myth-of-polio-free-status-polio-vaccine-caused-53000-paralysis-victims-in-india-last-year> . “There is a dirty secret in the vaccine business that is very well documented: the live oral polio vaccine can actually spread polio and causes “*non-polio* acute flaccid paralysis.” (The “change the name” game at work). The photo of genocidal psychopath Bill Gates administering the killer vaccine himself is chilling.

And now we are informed that this killer oral polio vaccine is going to be unleashed in the middle east, directed at the countries who do not engage in usury:

http://vaccinewsdaily.com/medical_countermeasures/330102-unicef-begins-polio-vaccination-campaign-in-middle-east : “UNICEF announced on Monday that the organization and its partners began the largest-ever coordinated polio vaccination campaign in the Middle East following the return of the disease in war-torn Syria. Health teams are working to vaccinate close to **10 million** children in Iraq, Jordan, Egypt and Syria during the month of March. The campaigns were launched in the four countries on Sunday with a similar campaign planned in Lebanon. “We need to get two drops of polio vaccine into the mouth of every child under the age of five, regardless of their previous immunization history,” Khouzama al-Rasheed, a medical worker for the campaign, said. “If we can do that, the virus won’t be able to find a single child to infect, and we can put a stop to this disease.” Of course, the TRUTH is that the virus will find the children at the hands of the vaccinators, and the massive death and destruction will be dealt with via the “change the name” game.

PLEASE share this newsletter with others to help stop the vaccine induced genocide. I have dedicated my life to this cause; together we can do this!
