

What's Ailing America?

EVIL AND CORRUPTION ARE STANDARD OPERATING PROCEDURE IN THE US

This is my 88th newsletter. I know an awakening is happening, but it is hard for me to understand what it will take to get a critical mass of people off the couch to stand up and say NO MORE. Until that happens, I will continue to add fuel to that fire. As I have stated many times, the only solution I see is <http://www.americandefenseparty.com> ; a **non-voting political party dedicated to the dismantling of the federal government. It's not anarchy because we'd still have the state governments, which are bad enough.** Nothing matches the danger to our lives and property that the US federal government presents. We need the men of this country, who are supposed to be the PROTECTORS of their families, to stand up. Unfortunately many of them are now wearing diapers: <http://www.depend.com/guard-your-manhoo#home> .

I strongly suggest you get a copy of “Standard Operating Procedure” from Netflix. This documentary, which contains interviews of the soldiers who not only tortured detainees at Abu Ghraib prison but actually filmed their horrific actions is a look into what US citizens can expect as the psychopaths continue to crush humanity. An excellent example of this is the case of the New Mexico motorist who was submitted to multiple rectal exams, enemas and a colonoscopy because the cops who stopped him believed he was hiding drugs in his rectum. After being tortured by multiple parties, no drugs were found. And now taxpayers will foot the bill for the \$1.6 million settlement in the case. As expected, none of those involved were held responsible: <http://jonathanturley.org/2014/01/16/new-mexico-town-and-county-settles-cavity-search-case-for-1-8-million> “What is most interesting about the [stories on the settlement](#) is that there is no mention of officers being criminally charge for the abuse or even fired. They committed unspeakable abuse of this man and now have cost the city and county \$1.6 million. New Mexico Police Chief Brandon Gigante says **his officers did everything “by the book” and that there was no need for the slightest discipline.** “ These monsters are predators patrolling the streets; YOU are their potential prey.

And as we all pay extortion fees to anti-virus companies to protect our computers, we now learn from Edward Snowden that it is the NSA that is the biggest hacker: http://www.democracynow.org/2014/3/17/snowden_docs_expose_how_the_nsa “New disclosures from Edward Snowden show the NSA is massively expanding its computer hacking worldwide. Software that automatically hacks into computers — known as malware “implants” — had previously been kept to just a few hundred targets. But the news website The Intercept reports that **the NSA is spreading the software to millions of computers under an automated system codenamed “Turbine.”** The Intercept has also revealed the **NSA has masqueraded as a fake Facebook server to infect a target’s computer and exfiltrate files from a hard drive.**” Will you continue to pay taxes to support this criminality? That is AIDING AND ABETTING THE ENEMY, is it not?

The most common escape hatch from responsibility that the psychopaths use is “immunity”. We now see this playing out in Haiti, which was intentionally exposed to cholera by the UN workers who went there on a “humanitarian” mission: UN infects 700k Haitians with

Cholera...Claims **immunity from Wrongdoing**: <http://www.examiner.com/article/un-infects-700k-haitians-with-cholera-claims-immunity-from-wrongdoing> . The only more obvious genocide is all the Christian churches that are sending missionaries to third world countries to “spread the good news about Jesus”. Not so funny how they always bring their vaccine syringes along for the ride, despite references to “pharmakeia” in their Bible. What’s even more disgusting is that these missionaries almost always submit to the travel vaccine needles themselves to make the trip. A woman from Canada contacted me a couple of years ago who went on a vaccine mission and received all her travel vaccines. She was deathly ill by the time she reached her destination, and went to many white coats on her return to get a diagnosis. As expected, none of the white coats even considered a vaccine reaction as the source of her malady. By the time she found me, she had received many diagnoses and been prescribed 300 different medications, which of course only made her more ill.

An excellent documentary sent to me by one of my readers is: Geoenvironmental Engineering And The Collapse Of Earth 2014: http://www.youtube.com/watch?v=c34U0Pwz4_c . This alone should get people off the couch, as you buy your heirloom seeds as a protection for your family from the starvation that is coming. What will you do when those seeds won’t grow? Of course, all food is being weaponized...an excellent article on the state of seafood can be found at : <http://wakeupworld.com/2014/03/04/navigatingdangerous-waters-is-seafood-really-safe-to-eat>

It is interesting how the Chinese are actually reporting the truth about deadly vaccines: http://www.greenmedinfo.com/blog/42-drug-reactions-are-vaccine-related-groundbreaking-chinese-study-finds?utm_source=Master+List&utm_campaign=2f401b2666-Greenmedinfo&utm_medium=email&utm_term=0_af50e1f25a-2f401b2666-87514937 . In the meantime, our corrupt FDA is covertly trying to get rid of an essential B vitamin, folate: <http://www.anh-usa.org/fdas-sneak-attempt-to-ban-another-b-vitamin> And while the sheeple are coerced into signing up for Obamacare which covers only Big Pharma treatments to “manage” disease (after they create the disease), leave it to the US Supreme Court to extend immunity for death and disease caused by these poisons to all drugs: <http://www.ancientclan.com/topic/12896-us-supreme-court-you-cant-sue-big-pharma-anymore>

Lastly, as we are distracted by never ending chatter about the disappeared Malaysian plane, apparently it was HIJACKED BY AWACS IN ATTEMPT TO BLAME IRAN: <http://beforeitsnews.com/alternative/2014/03/case-closed-hijacked-by-awacs-2916516.html>
