

## **Ra, Raa, RAH!**

Let me blow this wide open for you:

There is a function in religion called Apologetics. Whatever that means to anybody else or is codified in etymological dictionaries does not matter to me. It means to make an Apology for God.

Recently I was sent an amazing article by someone who is very settled in their faith but wanted to respond to the unsettling bible verse:

### **Isai-Aah 45: 5-7 (Geneva Bible 1560)**

*“I am the Lord and there is none other: there is no God besides me I girded thee (though) thou hast not (known) me, that (they)(might)(know) from the rising of the (sun) & from the West, that there is none besides me. I am the Lord, and there is none other. I (form) the light and (create) darkness: I make peace and (create) (evil): I the Lord do all these things.”*

The Hebrew word chosen for **Evil** was: **Ra’**

There were elaborate descriptions of the Hebrew multiple meanings of the word: **Ra’**

**Wickedness** (sounds like evil witchcraft to me)

**Mischief** (sounds like a bored kid harming things for kicks)

**Bad, trouble, hurt, sore, affliction, ill, adversity, harm, grievous, sad, sorrow, displeased, calamity, misery, disaster, weal, woe,** (sound like all of the ‘blessings of god’ in as many names as possible); **sinful activities, sinful thoughts, rebellion, fornication, theft, murder.**

The impression given was that the **best** the multiple papers Apologizing for God could do was to CHANGE THE MEANING OF THE WORD. This is so in line with the multiple Name-Changes of the Gods and Goddesses from Babylon and Egypt to the present that it made its own twisted sense – why not change the name of Evil? The Apologists say that EVIL was not what was MEANT in this passage even though that is what was written in the 1560 Geneva Bible. Perhaps it was a typo in the original Hebrew?

A minor breakdown of *The West* in terms of its relation to the 13 Signs of the Zodiac: The principle sign is that of Libra, associated with the Planet Venus, is a direct association with Lilith. The Dis-ease association is that of The Kidneys. In the Chinese meridian system the Kidney emotion is **FEAR!** There is an angelic association with *The West* and this sign of the Zodiac: Gabriel which is the archangel that brought the Stones of Power to Abram and later to Ishmael where you physically find the Black Stone in the Qaba as one of the 3 delivered to this Family. The other 2 remain unaccounted for in the literature although a chunk may have been in the semiconductor circuit called The Breastplate that the High Priest wore in the Holy of Holies. Don’t forget the meteor stone (**Betyl**) that Jacob/Isra-EL built an altar to at **Beth-EL**.

The Ninth Sephiroth in the Qabala Tree of Life (9 being the number of completion and especially important to Satanists) is Yesod and is associated with the stone Opal.

*West* in the Egyptian Mysteries is where the Sun God Ra went at night. It was thought that he died and went into the Underworld and took a boat across to go to the East where he was born again through the thighs of the sky goddess Nut. However, the *West* was associated with LIFE! Go figure. Another Opposite Day from the Maker of Idols, good old Abram and his monotheism that he and Moise Ah-ken-aten brought to Egypt. *The West* where the Sun God died and went to Hell is the direction of LIFE. That is just too hard to wrap a mind around. Not EAST where the Sun God is born anew every day. Not East where the sun comes up to start a new DAY, but *West* where death and NIGHT come from.

Makes sense.

There are those who deny the timing or the naming of Ah-ken-aten and his monotheism in Egypt with that of the Hebrews (who, by the way, according to some revisionist historians on archeological digs of the pyramids, said that the Chosen were apparently living there and NOT in captivity). These Ah-ken-aten/Moses deniers also deny that the Chosen Ones worshipped AMEN RAA but rather EA-HU-VEH. Why is it that EVERY CHRISTIAN PRAYER ENDS WITH AMEN?

AMEN/AMON. Some say Potatoe.

But let's get to the heart of the papers that were sent to me to convince me that God is a good god and not the author of evil even though the bible is absolutely clear that he created it. AND people cannot contest this and other verses because they are part of the INFALLIBLE WORD OF GOD.

**The Apologetic papers sent to me broke the cardinal rule of mathematics and Godel's Theorem: You CANNOT define a system by itself!** The entire scope of 9 pages of apologetics was based on using the bible to explain itself.

Argument fails from the beginning.

End of discussion.

Period.

But in the interests of developing a sense of logic and critical thinking to deconstruct the offerings within the totally failed argument we will proceed.

The breakdown centered around the Hebrew word that the Apologists chose to denote evil:

**Ra'**

Isn't that special?

There were endless apologetics that a single Hebrew word could mean so many things in or out of context. This is very helpful if you were the sole purveyors of a Justice system. We have Judges – just like the ancient Hebrews did. The Judges interpret the Law – just like in the USA. But if the law can have as many meanings as you can have diverse pains from the same boil on your butt on any given day then IT IS NO LAW.

**What goes up – must come down.**

That is a pretty explicit LAW until someone reveals the Tesla technology of anti-gravity fields, but even with the introduction of anti-grav devices this still means that the Law of Gravity applies, it just has an antidote, not a million different meanings!

So, (**Ra'**) is interpreted to mean:

**EVIL.** Now, that's not a hard one to understand. Any idiot can get it. You would think. But in succeeding papers it was developed to mean that evil could be like pains or disease in old age. And that you deserved those too – you rotten sinner! Now, Dante in his poem The Inferno used the Pet name of Dis for Lucifer. Dis means Evil or The Devil, Satan, Lucifer. Dis-aster means: The unfavorable or Evil aspect of a star (aster as in asterisk \* means star). Just like the Qabala, Astrology and Black Magick they think that stars rule our lives so if something bad happens to you like the pains of old age, Dis-ease (you figure it out), earthquake, divorce, etc. then the stars were not in alignment for you. (Some might say that the divorce bit wasn't such a bad thing...) This has been relegated to Cause and Effect. GOD IS NOT MORALLY CUPABLE FOR WHAT HAPPENS TO YOU AFTER HE TOSSES YOU INTO THE AIR OVER A MOUSE TRAP WITH SPIKES EMBEDDED IN IT.

The Hebrew multiple meanings of the word: **Ra'** provides Escape Hatches and Legal Loopholes for the Christian Apologists for their God to pass through without Moral Culpability. But when we examine those alternative names again it does not inspire anything besides a method of insulation from the Primary Charge against this God best said in terms of Forrest Gump: *Evil is as Evil does.*

**Wickedness** (sounds like evil witchcraft to me)

**Mischief** (sounds like a bored kid harming things for kicks)

**Bad, trouble, hurt, sore, affliction, ill, adversity, harm, grievous, sad, sorrow, displeased, calamity, misery, disaster, weal, woe,** (sound like all of the 'blessings of god' in as many names as possible); **sinful activities, sinful thoughts, rebellion, fornication, theft, murder.**

This means that aging: a process that you did not institute – is *your* fault.

Breathing in a virus: that you did not create – is *your* fault.

Arrrrrrnt! Someone hit the buzzer. Faulty logic again.

Judgment upon nations for doing bad (your choice again) is also called calamity or evil. Then why is it that Israel is so hot to destroy Iran? After all Ahmadinejad a.k.a. Sabourjian may be Jewish! The Apologists state categorically that God USED the *Pagan* Cyrus King of Persia (currently Iran) to PUNISH the Children of Israel. This means that Iran and the Punishment were a GOOD THING! It was a Good Evil for their Own Good. How can you be mad at some stranger hammering on your head when GOD told them to do it for him for your own personal growth?

The Apology Papers had an exquisite “Don’t Do What I Say NOR Do What Do” supposed juxtaposition using two bible verses in the same argument. This is wonderful to show the Paradoxical Psychological Manipulation at work here:

**Isai-Aah 47:10-11** “For you have trusted in your wickedness; you have said, ‘No one sees me;’

**Isai-Aah 45: 5-7** *I girded thee though thou hast not known me,*

**Isai-Ah 47:10-11** [but] your wisdom and knowledge, it has perverted you, and you have said in your heart, I am, and there is no one else besides me.

**I AM!** That is the name of the glowy thing on Mount Sinai. Let’s do a double take:

**Isai-Aah 45: 5-7** “I am the Lord and there is none other

**Isai-Ah 47:10-11** Therefore shall evil come upon you; you will not know the dawning thereof

**Isai-Aah 45: 5-7** (they) (might) know from the rising of the sun...I make peace and create evil

So, in a breakdown, the Christian traditions promote being more like god, but as we can see here: The Unknown God called the I AM created evil...BUT! When an unknown Hu-Man engages in saying “I am, and there is no one else besides me..” and tries to engage in a little bit of the evil that their Creator so graciously unleashed on the planet then THAT TOO IS A REASON FOR PUNISHMENT!

Damned if you do – Damned if you don’t.

What? Don’t understand that? Let’s look at Job and Emmanu-EL.

Job and Emmanu-EL didn’t do anything wrong to deserve it, God was just pissed and wanted to test Fealty like a streetgang leader kicking the crap out of the underlings to see if they would remain loyal. Except God didn’t do the kicking. He had his best buddy Satan do it for him in the case of Job and Hu-Mans to do it for him in the case of Emmanu-EL. ACTUALLY READ the Book of Job to understand the conversation that

God had with The Adversary. They were rather cordial. God doesn't seem to do a Damned thing himself. What a way to remain PURE like the voyeuristic Ahriman. He just watches. God watched as he had his only son slaughtered by proxy in Roman crucifixion, said by some to be the most heinous way to die on this wretched planet. What did Emmanu-EL do to deserve it? It is said he led a blameless life.

But we haven't gotten through *all* of the Hebrew multiple meanings of the word: **Ra'**

**Wickedness** (sounds like evil witchcraft to me)

**Mischief** (sounds like a bored kid harming things for kicks)

**Bad, trouble, hurt, sore, affliction, ill, adversity, harm, grievous, sad, sorrow, displeased, calamity, misery, disaster, weal, woe,** (sound like all of the 'blessings of god' in as many names as possible); **sinful activities, sinful thoughts, rebellion, fornication, theft, murder.**

Of course, when the Chosen of God raped, pillaged and plundered every single culture they encountered it WAS God's Will and it was Righteous because the ones being raped, pillaged and plundered were 'sinners' and they 'deserved' it. If you don't know what I am talking about then you HAVEN'T read the Bible. It is the most cruel chronicle of carnage I have ever experienced. In fact, when they had not committed total Biocide on certain villages/cultures they were chewed out by God via Moses via the High Priest and told to get it right or they were next. And the difference between this and Satanism is...?

The beg-off by the Apologists was: that the *group experience of suffering* is not an 'ontological' evil, but a form of experienced calamity. First off, wow! What a big word. Wonder what it means? Second. Who gives a crap? To either create evil or just let it play out is STILL EVIL! You can't split hairs. You can't fracture words. You CAN'T APOLOGIZE FOR GOD!

**Ontology** [Greek: *Ontos = Being, Logos = discourse*] The SCIENCE that treats of Reality of Being. Metaphysics.

**Metaphysics** [Greek: *Meta = After, Phusis = Nature*] The SCIENCE which investigates first causes of all existence and knowledge; speculative philosophy.

So, stay out of Science and Reality, folks, just keep beLIEving that this insane asylum is run by people/deities who have your best interests and eternal soul in mind during your torture sessions! Don't even SPECULATE that there might be a nefarious purpose to all of the suffering going on – just buy into the program because everyone else is suffering with you and Misery (**Ra'**) Loves Company. You see, if there are energetics involved and all of the suffering and pain can be stored up in Maxwellian 5<sup>th</sup> dimensional Vacuum Space, then they would REQUIRE YOU TO PAY NO ATTENTION TO THE MAN or Woman BEHIND THE CURTAIN. Never question. Just submit to the PAIN. It is for your own good. *Evil is Good and Good is Evil* is the CREED OF SATANISM!!!

Praise God for the Pain. But Witch God?

Even the Master of Paradoxical Psychological Manipulation John Hagee didn't speculate or question when he explained why the RIGHTEOUS SUFFER!

In his sermon he gave three reasons for why the Righteous suffer:

1) **Bad choices that have consequences.** He went on to use a sick joke about a vain woman that an apparently inattentive or idiot god killed by accident. That does not explain why the Righteous suffer. It made an unfounded argument about vanity and doddering old gods. So he moved on to teen pregnancy. Another bad choice. But that does not explain why the Righteous suffer, because it begs the question: Would a Righteous teenager get pregnant? Then he moved on to smokers who develop lung cancer. Smoking for 30 years, Hagee said, is a bad choice. Would a Righteous person smoke for 30 years? Then he moved on to the Alcoholic dying of liver disease which was not God's Will because it was the other person's bad choice. Are the Righteous all alcoholic teens who smoke during pregnancy and are so vain they go in for plastic surgery? Must be. Those are the ONLY analogies he used. But this is the goal of the paradox. To never state a premise and stick with it but force black and white against each other until it is a muddy gray that is useless.

PLUS he never brings up the EVIL that is done to innocent victims by SOMEONE ELSE. How do you explain the death of an innocent child by the drunk driver? How do you explain abuse and murder of children? The Innocent Victim has no choice.

EVIL is the INTENTIONAL HARM OF ANOTHER PERSON.

At what point did the vain, or pregnant, or the smoker, or drinker, harm anyone else in these cases?

2) **Ignorance.** *"Men died from Flu for centuries when penicillin was growing on the bread in front of them."* That's about one of the most damned ignorant things I've ever heard! Penicillin – a mold toxin that inhibits bacterial growth – has NOTHING WHATSOEVER to do with Influenza – a Virus. But then John Hagee must have a medical degree because all doctors prescribe antibiotics when a person has a suspected viral infection....

3) **Sovereign Purposes of God.** *You do not have the mental capacity to understand that all of the suffering he is putting you through is for a higher purpose that you cannot see and may never know.* Thanks for playing – die in ignorance but die with dignity. This is Ancient Mysteries Religion. The very thing he preaches against with that giant mural as a backdrop. But it *was* spelled out in that mural that was derived from the pre-scripted book called Revelations of John. It all ends in death and destruction and blood as high as the horses' bridles, then a thousand-year picnic...until...(sound effects of: screams of terror and carnage) The Beast is let out again because the Millennium of Peace was just too damn boring. And then it goes all tranquil again but that is because the Revelations script ran out at the Season Finale and there is no telling if God has invited Killer Clowns to the next Birthday Party. Ha! Ha! Funny one, God. Needed a shot of Adrenochrome?

What would it be like to be expecting the Boogey Man to jump out at you every 1000 years for Eternity? Sign me up to this Halloween Funhouse. Oh, wait, Hallowe'en was the 'Pagan' holiday...

If god was GOD then he/she/it could TAKE AWAY ALL SUFFERING AND SIN – ESPECIALLY: REVERSING, NULLING, AND VOIDING EVE EVER HAVING EATEN THE APPLE (thereby erasing the causal mechanism creating Original Sin) – AND MAKE EVERYTHING PERFECT AGAIN BECAUSE IT WAS ALL-POWERFUL AND COULD DO WHATEVERTHEHELL IT WANTED.

But it has not.

So, by default – IT DOES NOT WANT TO!

That is logic.

Of course, this is just an *exercise* in logic and critical thinking because you know I don't beLIEve in the God-Thing. The story of God is self-inflicted Mind Control. A Mind Virus. A Holy Virus.

Let us pick apart the story of Eve and the Apple based on a 'revelation' that came to me while watching Snow White and the Seven Dwarfs:

- Since the evidence points to Witchcraft as the source of all religion –
  - ✧ The Queen in Snow White was a Witch whose library was complete with many books on Black Magic, Demonology, Witchcraft, Poisons and Disguises (shapeshifting). She used a Magick Mirror for divination, thus teaching the children and parents viewing this movie the art of Scrying.
- Since the creed of Satanism is *Good is Evil and Evil is Good* –
  - ✧ Opposite Day
- Since we were TOLD – we don't KNOW – that these hypothetical progenitors of the Hu-Man race ate a fruit (never identified as an Apple) that was supposed to give knowledge of Good and Evil and it was written in a book that is NOTHING BUT A PARADOX, then we can assume that the Opposite is True. And it fits. If the wiley Ole' Serpent was as devious and malicious as made out to be, then why would he trick them into eating something that would enhance their mental capabilities? Why wouldn't he/she/it trick them into eating something that would make them as dumb as what people today claim that the Sheeple have become?
  - ✧ The Witch Queen made a spell on a Poison Apple for the **Sleeping Death!** That sounds EXACTLY like what has happened to the general populace. They are **ASLEEP!** The walking dead. Slave Work Units.

Nihilism makes sense. If you beLIEve the story of Adam and Eve and take it to be literally true then all of the baggage and lies that come with it will be assumed to be true and you will have to adjust your world-view and Apologetics based on those lies and baggage. If you come to the story that it is not true then examine it in the template of Opposite Day, then things actually start to make sense. They FIT the pattern of 'real life'

(a Buddhist joke) and then you can work backwards to deconstruct the Evil and try to formulate a countermeasure to it. So, to close out this extension of the Thought Experiment: You can take an allegory like the story of Eve and The Apple and break it down logically, never having invested any more beLIEf in it than you would the story of Peter Pan and Wendy. You can also take the same allegory, reverse it and try to get to the root of the cause and effect action that is being describe in it. This can be done to any story whether they are 'true' or not.

So, this god is unwilling or unable (as outlined by Epicurus) to do the right thing. The only requirements that this God has set up for those in his trap is based on varying degrees of suffering and spilling of blood from all players of the game including his own Son whose actions were supposed to have reversed, nullified, and voided all Sin for all time.

“Behold the Lamb of God who takes away the Sins of the World.”

- The Whole world? Everybody?
- Throughout all Time?
- Take away? As in reverse, null, void. Then why didn't evil also stop dead in its tracks? That's like scabbing over a flesh-eating bacteria wound but leaving the bacteria in the rest of the body. None of this is really making any more sense to me than a screendoor on a submarine.

The contingency being that everyone was given a Promissory Note in the form of beLIEf that must be redeemed in order to receive the BENEFIT of a debt that was already technically cancelled for everyone. Don't forget in our legal system that we inherited from the dysfunctional Family that once you accept a Benefit you have no recourse under the Law.

Ahh...here's the catch. Something for free for everybody for all time – with a contractual clause. Free but not free. Paradox. After all YHVH is the God of the Blood Covenants. This means Blood Contracts. Sign on the splotted line.

Every body knows John 3:16 (unless you don't watch sports). This means, like in a Jack Chick Tract, since Jeffery Dahmer stated in an interview on MSNBC he Accepted Christ before they killed him in jail that he will be your bunkmate in Heaven. You have to love the equity of God. Kill and eat people down here, live in luxury up there.

I know...more Apologetics about *Faith vs. Works* that is just more tedium of Paradoxical Musical Chairs. Maybe Dahmer won't get as many Crowns as you in Heaven. Maybe he will...you never know. Ask him when you get there. Heck, people tell me everyday that '*God speaks to them*'; ask God and report back to me. Tape record it because I am very skeptical that you are just not hearing voices and need to be committed. In fact, video tape it in front of 12 Atheist witnesses, have it signed by God, in blood, and then send it to my PO Box overnight. Better, yet, just have God knock on my door and I'll invite

him/her/it in for some fennel tea and see if I can't help cure the mold infection that it is suffering from that makes it so Bipolar.

So, when all arguments are exhausted the final crutch is Freedom and Free Will.

I have seen that one off to a stub in previous papers, but let us examine Freedom/Free Will again because it was a package deal.

The Hu-Man apologists for god always liken the use of Freedom and Free Will by Man to some kind of tragedy. We will confine ourselves to the common analogy of *The Gun*.

Freedom and Free Will are like God leaving a gun in a room. What you do with the gun is up to you and the consequences are your own. God can't be held accountable. God is not morally culpable. In Turkey, if you hire a cab and it hits a chicken you are responsible to pay for the cost of the chicken. I guess God doesn't live in Turkey.

Hu-Mans have always been called a Child Race and have been painted as a pretty ignorant brood that can't do much without a Benevolent God's guidance. Then why in Hell would God leave a loaded weapon in the room full of children? More importantly the ALL-Knowing God already knows the outcome from his leaving a gun in the room leading to the death of the occupants so this FOREKNOWLEDGE alone shows EVIL INTENT.

If you, as a parent would not do such an unforgivable act then how could you possibly apologize for God doing it?

Let us examine fully The Gun analogy MY WAY as it has never been done before in the History of Mankind and Christian Apologetics:

You did not CREATE the ore.

You did not mine the ore.

You did not refine the ore into useful metal.

You did not forge the metal into shapes that would be machined into a gun.

You did not learn metal machining technology to create an intricate mechanical or automatic weapon.

You did not use your own feces and urine to make gunpowder.

You did not make the bullets or cartridges.

You may have loaded the weapon.

You may have pointed and clicked.

You may have harmed, maimed or killed.

The weapon was a SYSTEM that was GIVEN to you. A gun is a tool with one purpose only: TO KILL AT A DISTANCE.

Religion has one purpose only:

TO KILL AT A DISTANCE.

Consider the villagers who would willfully bring their children to the Priest to be sacrificed. It still happens today but it is not a spectacle of bloodletting or popping a tot in the smokeyhole. God did not kill the babies. The parents did not kill the babies. It was done by Proxy. It was killing at a distance. Religion so infected the minds of the beLIEvers that Religion killed at a distance.

Killed by a Thought.

The God of the Old Testament was credited with Fire from the Sky, but most of the ground-level carnage was carried out from orders not unlike Charles Manson suggesting his followers to slay some people for him. Of course, Chuck's defence was that he didn't even tell them to kill people. They did it on their own!

Killing through an Agency. Isn't that what is wrong with our government?

Point and Click.

Just like a gun, video games teach the Point-and-Click Kill. These same systems are in use today with Predator Drones and imaging technology on Tanks that a target on a video screen can be sanctioned with extreme prejudice with nothing more than an electrical contact. A switch being thrown. Gone is the face-to-face confrontation on the battlefield where you would have to murder your Enemy in cold blood with your bare hands and the best man would win. Now, as Cervantes said in Man of LaManche, *any idiot could lie in ambush on a hill and pick you off at a distance.*

What is The Thought that drives someone to Kill?

*"FEAR is the Mother of ALL Gods."* Epicurus

- First they give you a prefabricated Enemy to Fear.
- Then they make you afraid of legal retribution or physical or mental pain if you do not kill who they have chosen as your enemy.

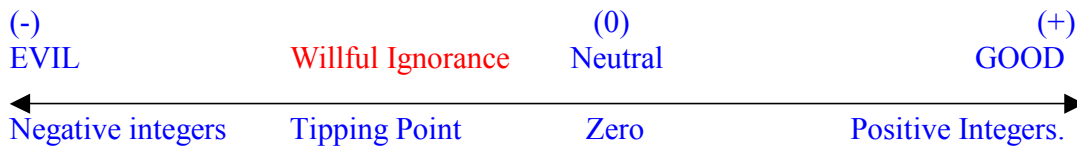

You can be afraid to do the Right Thing. This is a Sin of Omission. You can be afraid of consequences so you actively do the Wrong Thing. Sin of Commission. You can see this in parents who fear the law and bring their children to be vaccinated against all common sense. This is the equivalent of bringing the child sacrifice willingly up the ziggurat to the Priest. The parent fearing what might happen to themselves over the health and life of their child is aiding and abetting the Evil.

Ignorance leads you to Kill.

- You do not understand that outside forces have chosen an Enemy for you.
- You do not understand that the chosen Enemy is not a threat.

This can be military action or it can be as seemingly innocent as a missionary sent out to save the heathen with a loaded vaccine needle. It can be a well-meaning parent who has eaten a double-helping of the Apple from the Tree of Stupidity and thinks they are doing something good for their family without ever looking into it themselves. After all, doctors know more about our bodies than we do...

The continuum of Evil to Good has a Zero point where balance occurs. The Tipping point does not come from ignorance, but, rather, Willful Ignorance.

Just like a herd of animals that expect that a predator will pick off the young and old and diseased and leave the rest of the group alone until the next time, Parents seem to be holding out their children for ritual sacrifice in an enactment of Passover so that the Angel of Death will leave the majority of them alone or at least postpone their own personal suffering.

If God was all-wise and all-powerful, then God would have known about the Vaccine Holocaust and should have said it in Plain Hebrew (why not Plain Everylanguage since the creature is God after all?) or at least put it in some reverse, upside-down, Base-Six, Binary-Converted Bible Code that takes a supercomputer that hasn't been invented yet until the Good Aliens crash and we reverse-engineer their technology so that we could know in Opposite Day of Nancy Schneiderman:

“DON'T TAKE THE DAMNED VACCINE!”

Genesis Chapter Zero, verse Zero. Maybe a comicbook prequel to the Bible. Something! Anything, to warn the children to NOT walk up to the guy in the white coat and let him put a gun to your head and pull the trigger. Figuratively. After all, the Bible teaches with analogy.

God leaving *The Gun* in a room with children just does not hold up to any logical construct as an explanation of Freedom or Free Will.

The Protocols of Zion aka The Minutes of the Meeting of the Rabbis of The Sun Cult make it clear that they will “Forbid The Christ”. What this means is unclear. All things have a name including The Christ, whichever that one is depending on the culture at the time. Bel, The Christ of Ancient Times, by Hugo Radu is a book available online. The name-confusion on who the Christians have chosen to declare ‘their’ Christ has been occulted over cultures and time. Jesus, Yesu Christos, Joshua, Yeshua bar Yusef, Yahushuah, as opposed to his announced name: Emmanu-EL/Immanuel.

## PROTOCOL No. 14

1. When we come into our kingdom it will be undesirable for us that there should exist any other religion than ours of the **One God** with whom our destiny is bound up by our position as the Chosen People and through whom our same destiny is united with the destinies of the world.

[The Chosen People have been feuding with their half-brothers for 4000 years involving the whole world in what should be a family squabble best settled on Jerry Springer's Show. Godel's Theorem dictates that you CANNOT define yourself as The Chosen People. It has to be established by something outside of that system. This One God would suffice to meet Godel's parameters of explanation but it appears that the self-appointed Masters of the Universe cannot even produce the thing at will.]

We must therefore sweep away all other forms of belief.

[This is self-evident when you examine that all of the major religions of the world: Judaism, Islam, Christianity and Satanism all came out of the Abramic traditions. 80% of the world's population beLIEve in 'god'. 80% of Americans vote for either of 2 parties.]

If this gives birth to the atheists whom we see to-day, it will not, being only a transitional stage, interfere with our views, but will **serve as a warning for those generations which will hearken to our preaching of the religion of Moses, that, by its stable and thoroughly elaborated system has brought all the peoples of the world into subjection to us.**

[Oh, boy! Where do I sign up? Disbelief in God or total world subjugation. Sounds like a package deal to me. Now, since the Protocol 'prophecies' have all 'come to pass' it should give credence and demand critical analysis that the postulate: God = Slavery, DisbeLIEf = Freedom is the SINGLE PARADIGM THAT DEFINES THE WORLD. There has never been an ATHEIST government. This is another one of their lies. We would never know what an atheist government might accomplish because it was never allowed to happen. The Godless Communists were the direct result of the members of the Sun Cult installing their own people into those countries. Mao Tse Tung was installed by the United States of America using word-games over International Treaties. Instead of shipping entire weapons to Mao and his forces the USA airdropped PARTS for guns and then ammunition separately. Instead of funding his takeover the USA airdropped cigarettes that were equal to currency. Ever wonder why the Chinese are addicted to cigarettes?]

Therein we shall emphasize its **mystical right**, on which, as we shall say, all its educative power is based ....

[The Bible recounts many of the Magickal Adventures of Moses and the Sixth and Seventh Books of Moses complete the picture. We must define the term: Mystical, thereby deMystifying it because these cultures have had access to Microbiology, Chemistry and Physics that has been in advance of the surrounding cultures and this alone would appear to be Mystical to a less technologically advanced culture.]

Then at every possible opportunity we shall publish articles in which we shall make comparisons between our beneficent rule and those of past ages. The blessing of tranquility, though it be a tranquility forcibly brought about by centuries of agitation, will throw into higher relief the benefits to which we shall point. The errors of the GOYIM governments will be depicted by us in the most vivid hues. We shall implant such an abhorrence of them that the peoples will prefer tranquility in a state of **serfdom**

[My deconstruction of Hu-Man meaning the feudal servant of the Lord Hu]

to those rights of vaunted freedom which have tortured humanity and exhausted the very sources of human existence, sources which have been exploited by a mob of rascally

adventurers who know not what they do .... Useless changes of forms of government to which we instigated the "Goyim" when we were undermining their state structures, will have so wearied the peoples by that time that they will prefer to suffer anything under us rather than run the risk of enduring again all the agitations and miseries they have gone through.

### **WE SHALL FORBID CHRIST**

2. At the same time we shall not omit to emphasize the historical mistakes of the **GOY governments**

[*One Nation Under God*...is the mantra of the United States of America. Patriotism is for *God and Country*. "*In God We Trust*" is only on USA money.]

which have tormented humanity for so many centuries by their lack of understanding of everything that constitutes the true good of humanity in their chase after fantastic schemes of social blessings, and have never noticed that these schemes kept on producing a worse and never a better state of the universal relations which are the basis of human life ...

[Do you see the pattern yet? Universal Relations. NOT a One World Government, since government is the EQUIVALENT of Religion; and *Govern Mente* means Mind Control. We are an integrated whole and what we do to others we do to ourselves. The Web of Life that Chief Seattle spoke of. You are all mere drops of water but it takes that many drops of water to make a single ocean. Water can vaporize then condense as rain to form freshwater rivers that lead back to the sea. A cycle with independence and importance within the cycle but NOT a controlled block of Ice like the Protocols dictate. Ice itself is important and serves to store fresh water and regulate the temperature of the planet, but if ALL water were ICE then it would be useless. Yet the ENTIRE planet is caught up in the Divide and Conquer game of thousands of different religions that are all by definition strife and enslavement. "*I'm Ice but Vapor is bad.*" "*I'm Vapor but Salt Water is Bad.*" "*I'm a River but Lakes are bad.*" You are ALL water. In the Chinese system of Elements that Dan McCarthy has pointed out might be better stated as FORCES, Water is considered the MOST POWERFUL!]

3. The whole force of our principles and methods will lie in the fact that we shall present them and expound them as a splendid contrast to the dead and decomposed old order of things in social life.

[The HEART of Critical Thinking is COMPARATIVE ANALYSIS! Item #3, again, violates Godel's Theorem that you cannot define a system by itself. THEY set up all of the governments based on their model which is secretly based on Their Religion and then they will compare it to 'their' government and 'their' religion! Abram was a Fashioner of Idols. This means he was in the business of giving people The Business. A God for any occasion. Perhaps even a god to accessorize your dress and purse or to match the colors of your couch? The best breakthrough was realizing that you could sell the same scam with only ONE GOD (don't the Protocols promote one god?) thus cutting down on your overhead. Mass production. Henry Ford Style: "You can have any color god that you want just as long as it's black"...Black Magick, that is. Someone explained the Holidays as a control mechanism: If you can keep an entire population of a culture doing the same thing on the same day then it is simple to manipulate them to do anything. ALL holidays are Witches High Holy Days just renamed for the hypnotized masses to pour their energies into Divide and Conquer religious rituals operating under disguised names. You are all worshipping the same thing under a different name. Abram got you from many gods to one god back to many names for the same god. The Qabala has 72.]

4. Our philosophers will discuss all the shortcomings of the various beliefs of the "GOYIM," BUT NO ONE WILL EVER BRING UNDER DISCUSSION OUR FAITH FROM ITS TRUE POINT OF VIEW SINCE THIS WILL BE FULLY LEARNED BY NONE SAVE OURS WHO WILL NEVER DARE TO BETRAY ITS SECRETS.

[So, we are left with: What is its TRUE point of view? Unless you have read the [Sixth and Seventh Books of Moses](#); unless you have read any other religious text and done comparative analysis to see that ALL world religions have been skillfully harmonized and homogenized with the Qabala, then you will NEVER know that Witchcraft was the FIRST and ONLY RELIGION. You will never know that you are practicing it now under a different name. You will never know that government is a religion and that if you practice either one or both you have been conditioned to be controlled like the herd animal that you are accused of being. Religion conditions you to be governed. Government behaves as a Religion. The [Protocols](#) are all about Control, Harming, Maiming and Killing. There is not a single thing in them that is Pure or Just. The claims in the [Protocols](#) are based on their religion and their God bears a striking resemblance to the God of Moses that bears a striking resemblance to The Devil.]

There is a Zen Koan where the student asks the Master, "Does the Dog have the Buddha Mind?" The Master directs the student to 'unask' the question.

I did not understand this until Dr. Carley and I had discussed the Apologetic papers that were sent to us:

The Zen Koan sets up a recursive algorithm that puts into perspective the God who Creates Evil.

- Why ask a question regarding how or why God should undo Evil?
- Why did he do it in the first place?
- But this refers back to the fact that he must have known what he was doing and Evil is already our physical Realty and Experience (no matter how many times you put the word: Ontological in a paper). Which can only refer back to the fact that Evil was done and needs to be undone.

Causal Loop.

A mirror reflecting a mirror, reflecting a mirror, reflecting a mirror...

Dr. Carley came up with one of the most brilliant exposés I have come across: God must live in Washington DC and must be a lawyer because he was the ORIGINAL AUTHOR OF THE HEGALIAN DIALECTIC.

Problem, Reaction, Solution.

This is the Basic Fabric, the matrix of the Universe. Small 'm' on the matrix so as to imply that it is like connective tissue as found in the ligaments and bones that hold the structure together as opposed to the famous movie. Transport yourself away from the conditioning that the Hegelian Dialectic is a construct attributed to a Hu-Man at a specific date in History. The Master Template Overlay Pattern was there way before he was ever around. You MUST think in non-linear Time.

**God's Dialectic:**

I create evil,

I destroy the earth

I punish those who cooperate with me and those who are in my way. A paradox within a paradox that those who are evil get punished less and rewarded more while those who suffer more get promised more. You can't eat a promise.

He pretends to create order but uses Chaos for his Ultimate Goal.

GOD CAUSED THE CHAOS. He Created Evil. He PUT *The Gun* in the room.

When all is said and done at the end of the day, god seems more like the child Anthony Freemont in the old Twilight Zone episode It's a Good Life where adults were kowtowing to the child so that they would not displease him and he would not hurt or torture them or send them into the Corn Field (Hell).

Chaos, by the way, was the Female form of the progenitor Gods of the Primordial Universe in other cultures. Kronos (Time/Order – New World Order or not) was her consort.

A simple definition of Satan, Lucifer, The Devil:

Creates Evil, confusion, suffering, destruction, rewards evil.

You were GIVEN an object of worship and TOLD what its attributes were. You were given an antithetical Enemy and TOLD what *its* attributes were. You did NOT employ logic and critical thinking to perceive that THEY WERE BOTH THE SAME WITH DIFFERENT NAMES. This is called: Divide and Conquer.

CHOSING to continue to worship such a thing – to give it praise and honor, time and effort, your literal blood, sweat and tears and to tithe it money when confronted with the stark Horror of what it really is and was for so many thousands of years in nothing but VERBAL CAMOFLAUGE IS PATHOLOGICAL.

Get over your Grief.

You were MADE to suffer for the perceived act of killing your God. Deicide. The sacrifice of the Savior for your imagined sins. If you are locked in the Stages of Grief that focus on Denial you will NEVER get out of the trap. You might advance through the Stages to Acceptance, but in Opposite Day on Demon Planet this is Capitulation to the

Inevitable Fate that they have planned for you and you will become a Nazi Collaborator with the Author of Evil and pressed into the service of Spreading The Word.

**It is the Stockholm Syndrome of identifying with your kidnappers, it is the Battered Wife syndrome of Fearing for your life if you leave an abusive situation (if I don't believe I *might* go to Hell), it is Patty Hearst finally cooperating with the forces that took you.**

Set. Point. Match.

Religion – the Holy Virus – may be the single most lethal infection in the History of Mankind. Do not harbor this Virus. Do not protect, nurture and grow this Virus. Do not infect others.
