

NO NUKES BUT U.S. NUKES

*"All warfare is based upon DECEPTION.
When you see a great enemy, PRACTICE DECEIT."*

The Art of War, Sun Tzu 500 B.C.

For over 50 years, ever since the United States dropped two atomic bombs on Japan to end World War II, the world has been caught up in a fear of a nuclear war.

But historian, lecturer, researcher and "best-selling" author Ralph Epperson has discovered that this THREAT OF A NUCLEAR WAR is A FRAUD, and that the only nation with NUCLEAR WEAPONS is the United States. That means this THREAT is imaginary, and that a great ACT OF DECEPTION has been pulled off on the people of the world.

Mr. Epperson will present the evidence that he is correct from the 30 years of documentation he has accumulated in his research on this subject. This illustrated lecture will present the evidence that THE PEOPLE OF THE WORLD HAVE BEEN CONNED!
